Englefield Kitchen Mixers

BPIR Declaration

Version: A (12/23)

Designated building product: Class 1

Declaration

Kohler New Zealand Limited has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product/system

Name	Englefield Kitchen Mixers
Identifier	Milano / Studio Pin / Studio / Sorrento

Description

The Englefield Milano / Studio Pin / Studio / Sorrento kitchen mixers are hob mounted taps, manufactured from DZR brass complying with AS 2345.

The flow rate & mixed temperature is controlled by a lift-&-turn ceramic disc cartridge with a single lever handle.

They are intended for use in residential & commercial applications, with mains pressure water supply systems.

All models are available in chrome finish. Selected models are available in brushed nickel & matt black.

All models have indicators which show the relative temperature range. Red for hot & blue for cold for Milano / Studio / Sorrento. H for hot & C for C for Studio Pin.

Scope of use

The Englefield Milano / Studio Pin / Studio / Sorrento kitchen mixers are intended for use with hot & cold water in residential & commercial applications, with mains pressure water supply systems.

All models are hob mounted & are supplied with G 1/2" flexible supply hoses compatible with GB 1/2" metallic supply fittings.

Conditions of use

Englefield kitchen mixers must be installed by a registered plumber in accordance with the supplied instructions & in compliance with the relevant requirements of AS/NZS 3500 & AS/NZS 6400.

The water supply pipes must be flushed thoroughly to remove any debris. In-line water filters must be used.

Recommended working pressure: 100kPa to 500kPa.

Maximum working pressure: 800kPa.

If pressure exceeds 500kPa, a pressure limiting valve must be installed.

The maximum permitted temperature of water at the outlet is 50 degrees Celsius.

This product is cleanable and impervious to moisture — cleaning shall be done in accordance with the supplied cleaning instructions.

Relevant building code clauses

B2 Durability — B2.3.1 (c)

F2 Hazardous building materials — F2.3.1

G1 Personal Hygiene — G1.3.2

G12 Water Supplies — G12.3.2, G12.3.5

Contributions to compliance

B2.3.1(c): Per B2/AS1, Durability Requirements of Nominated Building Elements for Plumbing Fixtures, Englefield Milano / Studio Pin / Studio / Sorrento kitchen mixers have a durability of at least 5 years, when installed and maintained in accordance with our supplied instructions. Englefield Milano / Studio Pin / Studio / Sorrento kitchen mixers are designed & manufactured to AS/NZS 3718 (Water supply—Tap ware) & are Watermark certified to this standard under Licence no. WM-022483.

F2.3.1: No materials used in the construction of Englefield Kitchen Mixers give rise to harmful concentrations at the surface of the material where the material is exposed, or in the atmosphere of any space.

G1.3.2: Englefield Kitchen Mixers features chrome, brushed nickel or matt black finished surfaces for ease of cleaning.

G12/AS1 2.1.2: Metallic or non-metallic water supply materials and components used in Englefield Kitchen Mixers comply with AS/NZS 4020 (Testing of products for use in contact with drinking water).
