

# Englefield D-Shape Bidet Seat

**Colour/Finish** • White

**Included Components**

- Electronic bidet seat with mounting kits
- Remote control & wall mount bracket
- Water supply hose & Tee connector
- Installation instructions

**Features**

- Slim, modern profile designed to complement modern bathroom spaces.
- Top-mount installation enables fast and simple retrofitting.
- D-shape seat ring compatible with most standard toilet pans in Australian & New Zealand homes.
- Rear and feminine wash functions for everyday hygiene.
- Adjustable water pressure and spray position for personalised comfort.
- Instant warm water cleansing with selectable temperature settings.
- Retractable, self-cleaning nozzle automatically rinses before and after each use.
- Anti-bacterial seat ring & nozzle materials help promote improved hygiene.
- Heated seat with adjustable temperature control for year-round comfort.
- Soft-close seat and lid for safe and quiet operation.
- Warm air drying system with adjustable temperature for hygienic, hands-free drying.
- Integrated deodorising system automatically neutralises odours to maintain bathroom freshness.
- User-friendly side control panel or wireless remote clearly labelled for effortless one-touch operation.
- Seat occupancy sensor ensures functions activate only when seated.
- Night light and bowl illumination provide safe and convenient use in low-light conditions.
- Energy-saving mode automatically reduces power consumption when not in use.
- Multiple safety protections, including electrical leakage protection and overheat protection for both water heater and seat.
- IP Rating: IPX4, suitable for bathroom environments.

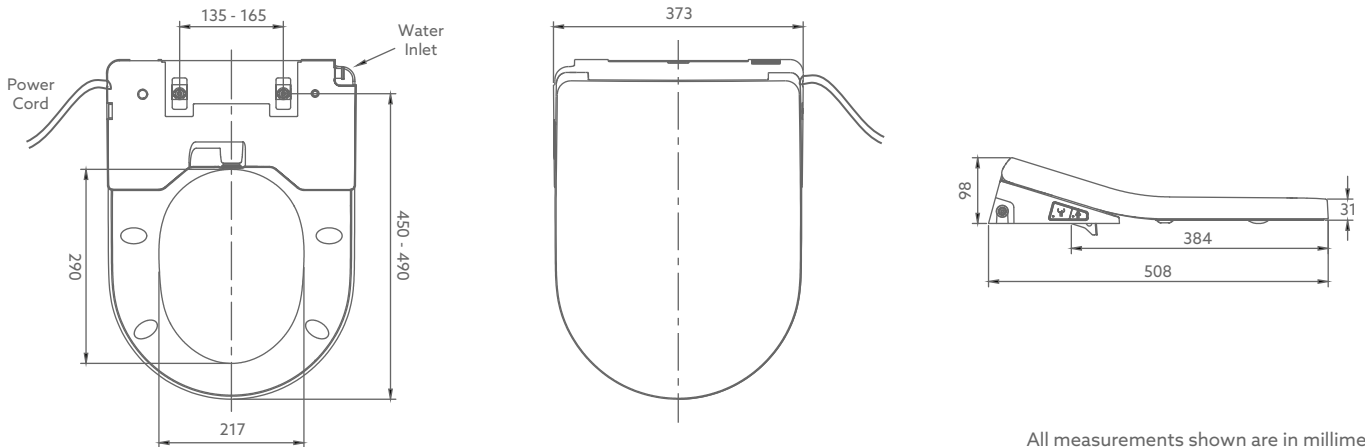

**Notes:**

- Must be installed with RCD or GFCI electrical protection.
- Inlet water pressure range: 75kPa - 500kPa.
- Inlet water temperature range: 4°C - 35°C.
- Maximum user weight 150kg.
- This bidet seat has an integral Atmospheric Vacuum Breaker (AVB) that is independently tested to & complies with AS/NZS2845.1 standard. Check with local authorities to confirm if an additional Reduced Pressure Zone Device (RPZD) is still required prior to the installation.
