## VIEWING PRODUCTS

You can view the largest Englefield collection in New Zealand at the Englefield Showroom at 133 Diana Drive, Glenfield, Auckland, or visit us online at [englefield.co.nz](http://englefield.co.nz) and use our showroom locator to find a store near you.

# SHOWERS

A close-up photograph of a young woman with a joyful expression, her eyes looking slightly to the right. She has a white towel wrapped around her head like a turban and another white towel draped over her shoulders. Her skin is glistening with water droplets, suggesting she has just finished a shower. The background is a soft, out-of-focus light blue, likely a shower wall or window.

Englefield has a history of making superb showers and their popularity is testament to their quality and affordability.

It's the details that Englefield cares about – from pioneering the latest technology, to innovative design, it's all to make your showering experience the very best it can be.

# INFORMATION TO CONSIDER

Acrylic walls, doors and trays, 10 years. ClearShield® and CleanLess® protected interior glass, 2 years.

## ENGLEFIELD® SHOWER WALLS

Englefield® Shower walls are manufactured from Duracryl® 2mm premium grade acrylic, so that it is scratch and mould resistant. This means that they are of premium quality, ensuring that your shower looks as good in years to come as it does the day you bought it.

### CORNER CONTOUR® PLUS WALL

- This is a patented space-saving option with five removable, easy to clean corner shelves.
- It provides three shelves with discreet hanging hooks, one shelf with flannel bar and one shelf with a footrest for shaving and cleaning legs.

For more details go to **page 4**.

CORNER CONTOUR® PLUS (5 shelf) 1935 / 2000mm

CORNER CONTOUR® PLUS (4 shelf) 1830mm

### SIDE RECESSED WALL

- This wall offers the best in space-saving solutions by egressing into the framing cavity of your bathroom wall. This affords you additional storage without losing any of the internal space within the shower enclosure.

Find out more on **page 5**.

SIDE RECESSED WALL 1935 / 2000mm

### FLAT WALL

- For those that don't require storage within the shower.

For more information and details on wall dimensions and door adjustments go to **page 35**.

For more details on Englefield shower features please refer to the 'Features Up Close' sections.

FLAT WALL 1830 / 1935 / 2000mm

## ACCESSORIES

### EASY CLEAN TRAP AND HI-FLOW WASTE

The perfect drainage solution to complement your Englefield shower.

TRAP & HIFLOW

These renowned products are an extremely effective design, easy to clean and install with both tile or acrylic enclosures.

Please check availability of waste positions (corner/centre) for each shape, and across different ranges.

## IMPORTANT TO KNOW

### NATIONWIDE SERVICE NETWORK

A comprehensive service network is in place throughout New Zealand to provide technical advice and full after sales service. Please call on **0800 100 382** for assistance.

## CLEANING AND MAINTENANCE

### ACRYLIC (SHOWER WALLS AND SHOWER TRAYS)

To clean acrylic surfaces use non-abrasive soap and water.

It is recommended that the product surface is wiped dry after each use to prevent the build up of soap and scum.

### GLASS (SHOWER DOORS AND RETURN PANELS)

Glass can become permanently stained by allowing water to remain on the surface.

To avoid damage, clean and dry the glass after each use and carefully read all instructions of cleaners before applying to the glass surface.

To ensure longevity of interior treated glass, it is recommended to use our glass care pack (see page 7). It will keep your shower looking 'showroom' clean! For full cleaning and maintenance procedures visit our website.

## SHOWERS

### ENGLEFIELD CORNER CONTOUR® PLUS SHOWER WALL

The beautifully designed **Corner Contour® PLUS Shower Wall** offers genuine solutions to the need for more storage options without compromising the shower's internal space.

The contemporary slimmer look provides greater storage through an increased height of overall shelving in a sleek and dynamic moulded design.

PLUS Walls come with clear shelving. Premium shelving is an optional extra, so that you can upgrade to reflect your style and bathroom design.

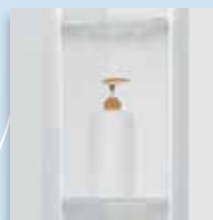

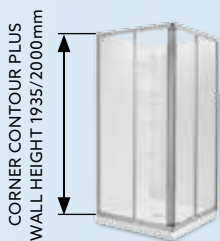

Englefield Corner Contour® moulded shower walls are protected by:

NZ Design Registration No. 424475,  
NZ Patent No. 529079.

### COMPATIBLE WITH ALL SHOWERS

Suitable for 1830mm and 1930mm height (Milano, Valencia Elite) and 2000mm height (Evora Frameless) showers.

The wall is made from premium grade Duracryl™ acrylic using Senosan® Antibac® technology, so it is scratch and mould resistant.

### INCREASED STORAGE HEIGHT

Choose which of the five shelves goes where. Gap between shelves is 320mm.

### HANGING STORAGE BUILT IN

Three shelves with discreet and handy integrated hanging hooks.

### FACE-CLOTH BAR

One flannel bar shelf with soap dish.

### EASY CLEAN

Polycarbonate shelves are easily removed and returned, plus the standard shelves are dishwasher proof.

### BUILT-IN DRAINAGE

Built-in drainage channel (except comfort shelf)

### CONVENIENT FOOTREST

One comfort shelf with footrest for ease of shaving legs.

### OPTIONAL EXTRA: PREMIUM SHELVING

Optional premium shelving packs come with a 'drop down' mirror shelf, 2 shelves with hanging storage, a flannel bar/soap dish and a comfort foot rest shelf. Available in black or white.

#### Drop-down Mirror

Innovative shelf design with drop-down mirror. The mirror is in highly polished stainless steel – so no corrosion. The stainless steel has excellent heat retention for anti-misting. The mirror also pivots for easy adjustment and has a magnetic catch when stored back into shelf. It is easy to remove and clean. Two shelf options – black or matched white (to wall).

Premium Shelf Pack Black 24692A-BL

Premium Shelf Pack White 24692A-0

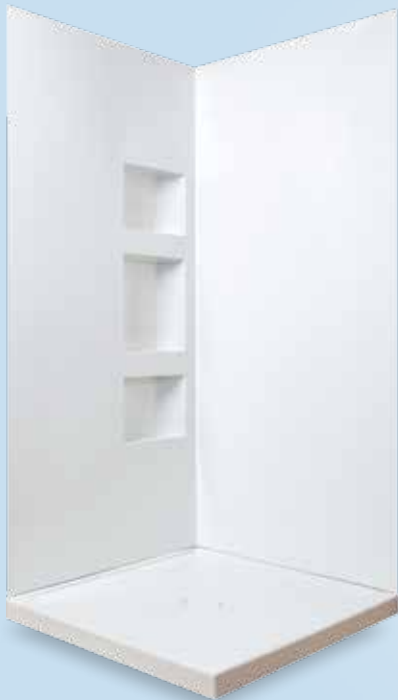

## ENGLEFIELD® SIDE RECESSED SHOWER WALL

Make use of more space with the latest innovation in Englefield’s range of storage solutions for your shower, the **Side Recessed Wall**.

This beautifully designed wall offers you a modern and minimalist way of storing your shower essentials.

Built into the framing cavity of your bathroom wall, the moulded shelves – made from our Duracryl® acrylic lining – are fully enclosed and don’t intrude into the shower enclosure, allowing you to maximise your space.

Englefield® Side Recessed acrylic wall liners are protected by:  
 NZ Design Registration No. 426858.

### BUILT TO LAST

The wall is made from premium grade Duracryl® acrylic using Senosan® Antibac® technology, so it is scratch and mould resistant. This takes the hard work out of cleaning while standing up to the daily demands of a busy family.

### COMPATIBLE WITH MOST ENGLEFIELD® SHOWERS

Compatible with Valencia Elite® and Milano showers (1930mm height doorsets on a 70mm tray) and Evora Frameless showers (2000mm height on a 70mm tray). Suits 400mm or 600mm stud centres, minimum 90mm cavity depth with nogs in accordance with NZS 3604. Additional nogs are required to support shelves.

**SIDE RECESSED  
2-SIDED BATH WALLS**

Now available for use in shower-over-bath installations.

Beautifully designed to provide a modern and minimalist way of storing shower and bath essentials without encroaching into the showering space.

With all the features and benefits of the side recessed shower walls – please see **page 5** for these, including the framing requirements. For all shower over bath packages (bath, wall and screen), please refer to **page 39** for details.

**CORNER CONTOUR PLUS  
2-SIDED BATH WALLS**

Now available for use in shower-over-bath installations.

With all the features and benefits of the Corner Contour PLUS shower walls, but with 4 shelves only. For all shower over bath packages (bath, wall & screen), please refer to **page 39** for details.

## EVORA

Introducing the new Evora frameless shower; the latest addition to the Englefield showering range.

The discrete design will elicit an endless array of aesthetic possibilities, ensuring your dream bathroom is brought to life. Featuring a seamless glass enclosure that gives a clean, modern and stylish look, plus a sense of open space and luxury.

- Available in metallic or black frame with 2 metres of door height.
- 8mm toughened safety glass meeting all NZ standards (AS/NZS 2208 compliant).
- Generously sized, easy-to-install handles with matching finish.
- Best in class Quiet Close™ hinges or rollers and watertight seals for serious durability.
- Reversible glass door, with a solid clear door seal and frameless return panel.
- Interior glass treated with CleanLess® easy clean protection. The treatment forms a crystalline silicon structure on the surface of the glass making the surface water and dirt repellent. The treatment is water resistant, temperature resistant (from -30 to +340°C), acid and alkali resistant, UV-stable, lime scale resistant and abrasion resistant.
- Quality Duracryl® Flat, Side Recessed and Corner Contour PLUS wall options.
- Low profile Quick-fit® tray with 70mm sill height for easier shower entry.
- 40mm tray upstand for superior watertightness.
- Englefield Easy Clean trap with lid and adhesive pack included.
- Corner rear waste or centre waste positions available.
- Complete acrylic enclosure or tile options (tray and door/return set) available.
- Optional extra: premium shelving. Optional premium shelving packs come with a 'drop down' mirror shelf, 2 shelves with hanging storage, a flannel bar/soap dish and a comfort foot rest shelf. Available in black or white.

**NEW  
RELEASE**

**FEATURES UP CLOSE**

Take a closer look to discover the innovation that went into the creation of the Evora shower range.

**A. HEIGHT**

2 metres of door height.

**B. FRAMELESS DESIGN**

The seamless design opens up the space without interruption.

**C. MINIMAL SIZE EXTRUSION**

Provides 10mm adjustability.

**D. CHOICES OF FINISHES**

Personalise your space with either black or metallic finish frames.

**E. FULL HANDLES INSIDE AND OUT**

Gives a finished look on both sides of the door and makes opening and closing from the inside much easier.

**F. GLASS**

8mm glass thickness with CleanLess® protection.

**G. QUIET CLOSE™ HINGES/ROLLERS**

Gently closes the door. Provides seamless opening and closing.

**TILE OPTION**

Allows your choice of tile walls – so acrylic wall is not included. Tray is included.

## MILANO

Inspired by the way modern architecture flows cleanly through space, the Milano shower range by Englefield combines structural integrity and great design. The result is a true mix of art and engineering that is as good looking as it is functional.

- Now with vertical colour-matched edge capping to hide edge of the acrylic, where the frame meets the wall.
- Milano is available in corner, square corner and alcove enclosures. Also as a tile option (door/return set and tray).
- 2 metres of generous height, including tray.
- Metallic frame and chrome fittings.
- 2 or 3 sided quality Duracryl® Flat, Side Recessed or Corner Contour® PLUS wall options.
- Low profile Quick-fit® tray with 70mm sill height for easier shower entry.
- 40mm tray upstand for superior watertightness.
- Corner or centre waste tray (except 1200 x 900mm & alcove).
- ClearShield® glass protection.
- Aftercare pack included.

### KEEP YOUR SHOWER LOOKING GREAT!

Interior glass is treated with ClearShield® (Milano) or CleanLess™ (Valencia Elite) premium protection, so that it's always much easier to clean, and easier to keep clean.

To ensure longevity and performance of your treated glass, use the GLASS CARE PACK. Available direct from Englefield, or online. Contains a bottle of limescale remover, surface conditioner and a cleaning pad.

**SKU:** 98945A-NA

Contact Englefield Customer Services on **0800 100 382** if you have any concerns at all, or need further information.

## FEATURES UP CLOSE

Take a closer look to discover the innovation that went into the creation of the Milano shower range.

### A. HEIGHT

A generous 2 metres, including tray.

### B. SEMI - FRAMELESS RETURN PANELS

The attractiveness of frameless without the expense.

### C. PRECISION FRAME

Perfectly engineered to fit, so no unsightly fastenings on the inside. Adjustable for 'out of square' walls.

### D. COLOUR-MATCHED EDGE CAPPING

Covers the edge of the acrylic wall.

### E. FULL HANDLES INSIDE AND OUT

Gives a finished look on both sides of the door and makes opening and closing from the inside much easier.

### F. INNOVATIVE DOOR ROLLER CATCH

Shut it and you'll notice something different about the Milano shower. It feels solid. This solidity and strength is an ideal pursued in all Milano Showers, for ongoing reliable operation.

### G. GLASS

8mm toughened safety glass door and 6mm glass return. With ClearShield protection.

### TILE OPTION

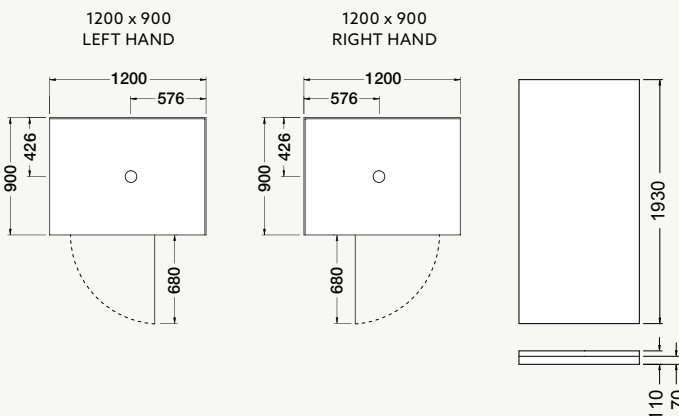

Allows your choice of tile walls – so acrylic wall is not included. Tray is included.

## MILANO™ CORNER PIVOT SHOWER 1200 x 900mm

- Size: 1200mm x 900mm.
- 8mm toughened safety glass door and 6mm return.
- 'Firm-close' door catch for ongoing, reliable operation.

TILE OPTION

## VALENCIA ELITE®

Delivering market-leading ease of installation and best in class aesthetics, operation and feel. With easy installation and great design features, the beautifully engineered Valencia Elite® creates a modern, clean and uncluttered look, inside and out.

- Valencia Elite® as a full enclosure with your choice of wall or a tile option (door/return set and tray).
- 2 metres of generous height, including tray.
- Available in white, metallic and satin silver frame colours. Black frame is available in selected sizes/shapes.
- Colour matched edge capping and concealed screw fixings, for a totally clean and streamlined look.
- Best in class hinges (pivot doors) double rollers (sliding doors) and watertight seals for serious durability.
- Reversible pivot door, with a solid clear magnetic door close and semi-frameless return panel. (To minimise the visible frame, corner pivot doors are not interchangeable with alcove doors).
- State of the art adjustable dual roller sliding mechanism for sliding doors. Rollers are quick release for ease of cleaning. 7mm adjustment on top rollers.
- 2-sided modern D handle.
- 6mm toughened safety glass meeting all NZ standards.
- Interior glass treated with CleanLess® easy clean protection.
- 2 or 3 sided quality Duracryl® Flat, Corner Contour PLUS or Side Recessed wall options.
- Low profile Quick-fit® tray with 70mm sill height for easier shower entry.
- 40mm tray upstand for superior watertightness.

## FEATURES UP CLOSE

With the Valencia Elite® showering range, we've thought about every detail so you don't have to. Incorporating unique design features, Valencia Elite® enclosures combine design innovation with high quality, precision engineering to provide a truly compelling user experience.

### A. HEIGHT

A generous 2 metres, including tray.

### B. FRAME

Available in metallic, white and satin silver finish. Black finish available for most sizes and shapes. Please check individual shower details for black finish availability.

### C. PIVOT DOORS

Corner showers have a semi frameless return panel. Pivot Doors are reversible.

### D. MAGNETIC CLOSE

All doors have a solid clear magnetic door close.

### E. HANDLES

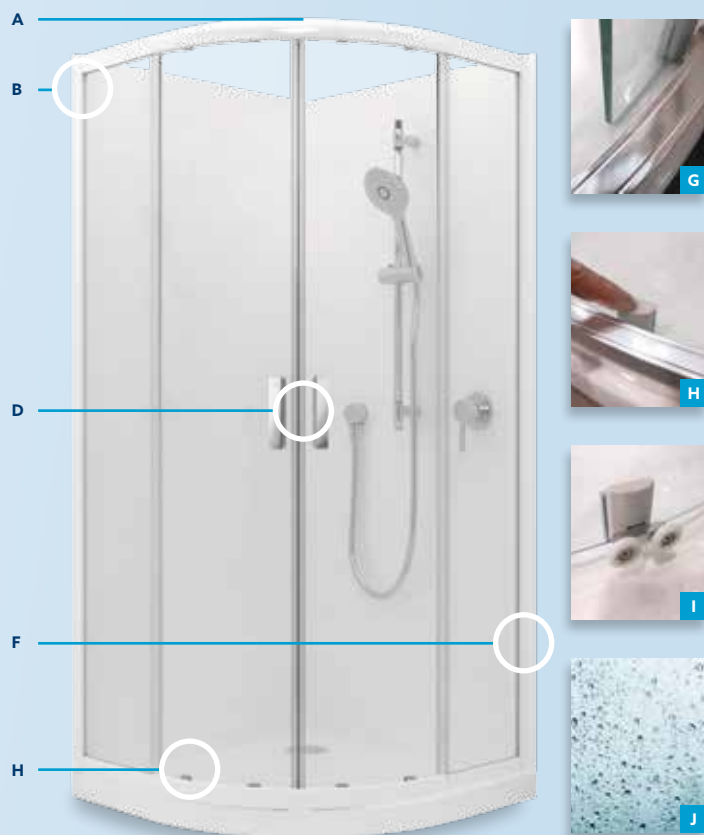

Quality 2-sided modern D handle for ease of opening, from inside and out.

### F. EDGING

Colour-matched edge capping covers edge of acrylic where frame meets wall.

### G. PEACE OF MIND

The Valencia Elite® range comes with 6mm toughened safety glass which meet all NZ safety standards (as with all Englefield

showers, this certification is displayed on the glass) and a 10 year Englefield guarantee, ensuring complete peace of mind.

### H. QUICK RELEASE SLIDING DOORS

Quick release rollers at the bottom of the enclosure make it easier to clean those hard to reach places preventing grime build-up and, ultimately, keeping the door movement smooth.

### I. QUALITY DOUBLE ROLLERS

High performance sealed double rollers are guaranteed to provide high quality operation and feel throughout the lifetime of the product. They have been engineered for a truly smooth movement - no wobble.

### J. BEST IN CLASS AESTHETICS

Valencia Elite® has been developed to the highest possible quality standards to ensure a stylish and contemporary look and feel.

CleanLess® interior glass treatment protects so diminishes marking and streaking and makes it easy to clean, keeping your shower looking as good as the day you bought it.

### EASY INSTALLATION

Valencia Elite® is easy to install and maintain, and provides versatile options to choose from, so a perfect choice for any contemporary bathroom space. For smooth installation, there is 25mm adjustment per retainer to ensure a seamless enclosure fitting, even with uneven walls.

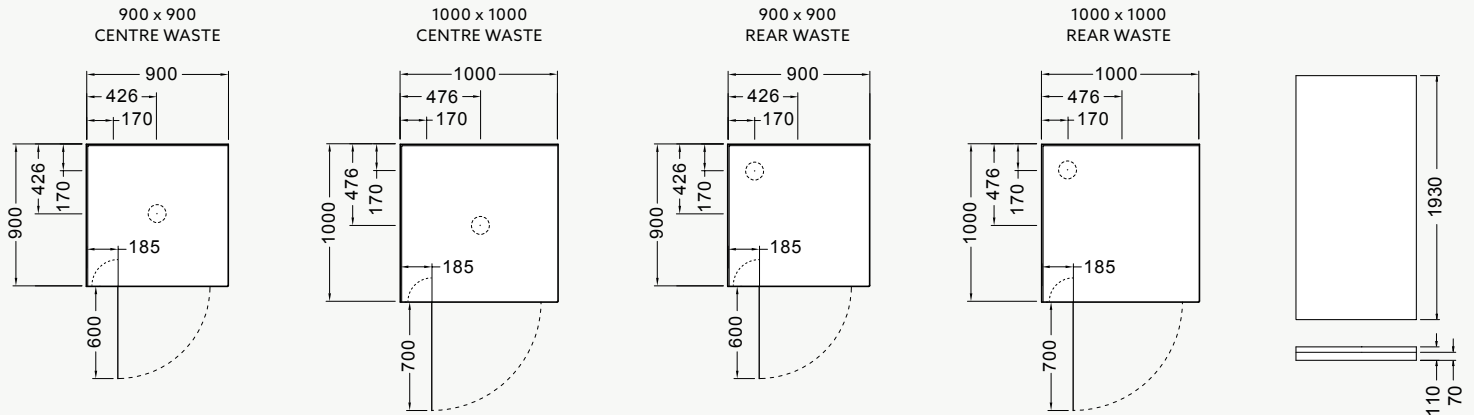

## VALENCIA ELITE® SQUARE CORNER PIVOT SHOWER

- Two sizes to choose from: 1000 x 1000mm, 900 x 900mm.

## SAPPHIRE®

Strong fully-framed showers which are the bedrock of Englefield's great reputation. A reputation as solid as every component of every Englefield product.

- Sapphire® is available in square corner, round sliding and alcove enclosures.
- Sapphire® showers are 1830mm in height, 1900mm including tray.
- Sapphire® showers are easy to install.
- 2 or 3-sided Duracryl® Flat or Corner Contour PLUS wall.
- Sapphire® showers are available in white frames.
- Full length magnetic door strip and seals for additional watertightness.
- Quick-fit™ low profile tray with 40mm tray upstand, for reliable and easy installation, and 70mm sill height.

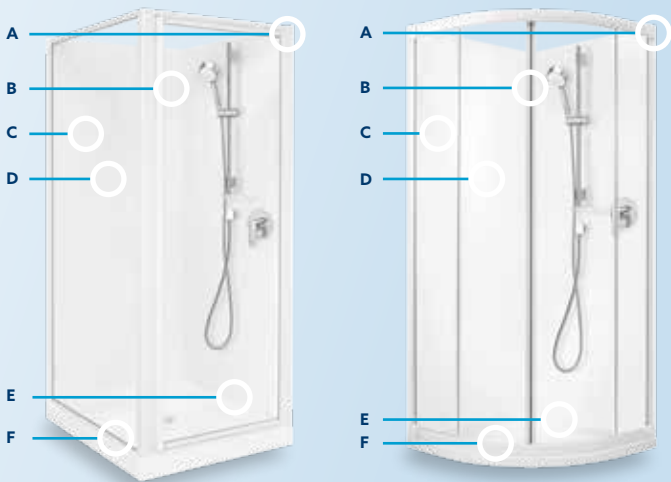

NOW WITH  
**LOW  
PROFILE  
TRAY**

## FEATURES UP CLOSE

Take a closer look to appreciate the innovation that has gone into the creation of a Sapphire® shower.

### A. HEIGHT

1.9 metres, including tray.

### B. REVERSIBLE DOORS

For greater flexibility and adjustability some Sapphire showers have fully reversible doors, allowing them to adapt to your bathroom.

### C. TOUGHENED GLASS

All Englefield Sapphire showers are supplied with toughened safety glass meeting all NZ Safety Standards.

### D. QUALITY DURACRYL® ACRYLIC WALLS

Duracryl® acrylic walls are developed with the latest technology with Senosan® Antibac® that are scratch and mould resistant to take the hard work out of cleaning while standing up to the daily demands of a busy family.

### E. QUICK-FIT™ LOW PROFILE SHOWER TRAY

Manufactured from resilient sanitary grade acrylic, our low profile shower trays feature a 40mm upstand for increased watertightness and 70mm sill height.

### F. WATER SEALS

Transparent, more mould resistant, flexible sealing gaskets on the door enhance watertightness.

### MOULDED WALLS

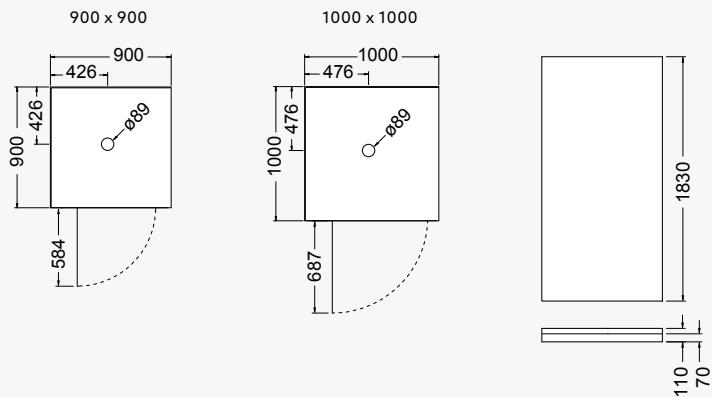

The patented Corner Contour PLUS wall allows for shelf-space while taking up minimal space, and has four removable shelves that are easy to clean. (Flat Wall options shown).

## SAPPHIRE® SQUARE CORNER SHOWER

- A choice of 2 sizes: 1000mm x 1000mm, 900mm x 900mm.
- Fully reversible door and full length magnetic door seal.
- 4mm toughened safety glass door and return.
- Low profile tray 70mm.

## ENGLEFIELD® SHOWER WALLS & TRAYS

Always check that the walls and tray are made from premium grade acrylic when you are looking to purchase a new shower. Englefield® Duracryl® sanitary grade acrylic is the best quality, so it will last, unlike some other less expensive grades.

### ENGLEFIELD® QUICK FIT™ SHOWER TRAYS

Trays are the foundation of any shower and Quick-fit™ trays are manufactured from one piece of resilient, premium quality, sanitary grade acrylic.

Quick-fit™ shower trays have a solid base construction making them incredibly strong and reducing bending and warping. They are quick to fit as they have a 40mm upstand that requires no rebating into the wall frame when using 10mm plaster board. The upstand conceals the line of silicone so you have a waterproof join without the 'mouldy' line. This ultra high 40mm upstand also increases watertightness, so you can be assured of long lasting performance from this quality product.

QUICK-FIT™  
LOW-PROFILE TRAY  
- 70mm SILL  
HEIGHT

## TILE OPTIONS

Bathrooms have become a key consideration in current building and renovating projects. Because of this, tiled showers have increased in popularity over the last years, as they offer endless possibilities in terms of shape, design, colour and texture. The end result can change the entire aesthetics of a bathroom and add value to any home.

Englefield 'Tile option' showers include everything except the Duracryl® acrylic walls. This allows your own choice of tile\* walls, while still using an Englefield shower tray.

There are some adjustments required for these applications, and for this reason it is strongly recommended that a professional installer is used to ensure correct fit and to get the maximum performance from these doors.

### GUIDELINES FOR INSTALLING AN ENGLEFIELD SHOWER WITH TILED WALLS

- Discuss the installation and tiling with your chosen waterproofing / tiling professional and Approved Englefield Installer prior to starting.
- Follow both the Englefield Acrylic Shower Tray and wall board manufacturer (eg GIB®, Villaboard® or other) instructions when installing the shower tray and wall board.
- If possible, the complete door system should be installed onto the cured waterproof membrane prior to wall tiling. If not, at a minimum the vertical wall retainer extrusions MUST be installed onto the cured wet area membrane PRIOR TO THE WALL TILING. Failure to do so may mean the door system may not fit on the shower tray due to a combination of tile thickness, tile adhesive thickness and any positive / negative inclination of the finished wall board.
- Fill any screw holes that penetrate the waterproof membrane with silicone sealant. Refer to any further recommendations of your chosen waterproofing / tiling professional regarding this.
- Call Customer Services on **0800 100 382 (NZ)** for further assistance.

\*Tiles are not included.

## ENGLEFIELD® EASY CLEAN TRAP & HI FLOW WASTE

## SHOWERS

### ENGLEFIELD REALLY CARE ABOUT QUALITY AND DURABILITY!

We have a reputation to protect – we have earned people’s trust that we will always provide quality products and we want to keep it that way.

#### ROBUSTNESS

Doors are tested for stability and strength.

#### DURABILITY

Doors are subjected to a lifetime of openings and closings, ensuring lasting performance.

#### EASE OF OPERATION

Doors are tested for ease of movement and smoothness, to guarantee flawless operation.

So when it comes to testing our new shower designs, we really put them through their paces. Every design undergoes a rigorous set of tests.

#### CORROSION RESISTANCE

Chrome fittings are subjected to salt spray testing to ensure the metallic plating will stand the test of time.

#### WATER TIGHTNESS

Multi-angle sprays are used to test the performance of all seals. We ensure water stays in the shower where it belongs (under normal showering conditions).

#### WE MAKE THINGS EASY FOR YOU

Even in the simplest of showers, there’s a whole host of complex technology on the inside. But on the outside, Englefield designs every shower to be easy to choose, easy to use and easy to install. So while we concentrate on the techy bit – you just relax and know that you can enjoy the perfect shower, every time.

### 10 YEAR WARRANTY

Englefield Showers are fully guaranteed for 10 years against failure, on condition that installation and maintenance have been carried out in accordance with the instructions provided.

All of our products are backed by a comprehensive network throughout New Zealand to provide technical advice and full after-sales service.

# BATHS

Beautifully designed, Englefield baths are made from Duracryl® sanitary grade acrylic or durable stone composite.

This means that Englefield baths have easy to clean surfaces that are scratch and mould resistant. Plus, they're structurally strong and ergonomically comfortable. Make Englefield your first, and only, choice.

## DROP-IN BATHS

Englefield's range of drop-in baths offers rectangular designs plus corner baths and shower-over-bath models. With a collection that includes baths for one or two people, a variety of lengths and widths plus integrated mouldings for maximum back and arm support, this is far from the traditional 'one size fits all' approach to bathing.

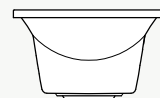

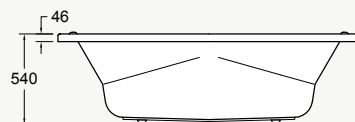

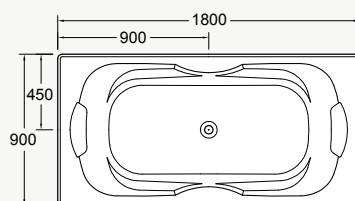

### SAPPHIRE® RECTANGULAR BATH (2 Person)

The perfect way to help relieve the stress and strain of the day. Generous proportions make this bath ideal for two people to enjoy. The ultimate bathing experience.

- A true soaking bath.
- 1800 x 900mm. (Full capacity volume: 385 litres)\*
- Integrated 'moulded' pillow at both ends.
- Integrated back and arm rests.
- 12.5mm upstand for water tightness.

**MILANO™**  
**SPLIT BATH SCREEN**

The ultimate in bath screens, this split screen has two equal sized panels – one fixed to the bath wall and one hinged that swings outward for easy access into the ‘shower over bath’. It provides a greater containment of the shower water but still offers attractive, space saving convenience in a shower over bath installation.

- Metallic fixing frame.
- Size: 1000 x 1500mm (W x H).
- 8mm toughened safety glass. CleanLess® glass protection.
- Reversible for left or right hand installation.
- Attractive, quality chrome ‘Patch’ hinges.
- Flexible drip edge seal for water tightness.
- Bracing arm included.
- Acrylic wall finishing strip.

Bracing arm

**PREMIUM & STANDARD BATH SCREENS**

Combine a shower and bath for the best of both worlds and a minimum use of bathroom space. A bath screen is a stylish alternative to a shower curtain.

- Premium Bath Screen features a stylish chrome hinge and is available in 2 size options: 1000 x 1420mm or 900 x 1420mm (W x H).
- Standard Bath Screen has full length hinge, is easy to install and available in 800 x 1420mm (W x H).
- 6mm toughened safety glass with flexible drip edge seal for water-tightness.
- Use with Englefield bath walls.

# SPA BATHS

A man with a dark beard and hair is shown from the chest up, relaxing in a white spa bath. He has his eyes closed and a serene expression, looking upwards. His chest and shoulders are covered in thick, white foam. The background consists of a large window with a white grid pattern, through which some greenery is visible. The lighting is soft and natural, creating a calm and relaxing atmosphere.

Englefield has a long standing reputation for producing high quality spa baths.

All our spas are made from Duracryl® sanitary grade acrylic so you know that they will be hard-wearing, and will maintain their appearance.

An Englefield spa bath is not only an investment in your home, but in your well-being.

# INFORMATION TO CONSIDER

Acrylic shell, 5 years.  
Electronic pumps, fittings  
& components, 1 year.

## FEATURES

### BODYGUARD® SAFETY VALVE

Designed to prevent bather injury.

Bodyguard® protects you and your family by detecting blockages in the suction valve and automatically reduces suction allowing the blockage to be cleared.

SAFETY VALVE

### AIRMASSAGE TECHNOLOGY

The ultimate bathing experience for the new generation.

Immerse yourself in comfort while being massaged by thousands of soothing air bubbles that invigorate tired muscles.

Tiny air bubbles deliver an invigorating massaging effect to your skin. This helps the body's own repair mechanisms – helping in the relief of minor strains and pain of the muscles.

AIR MASSAGE

### WATER JET TECHNOLOGY

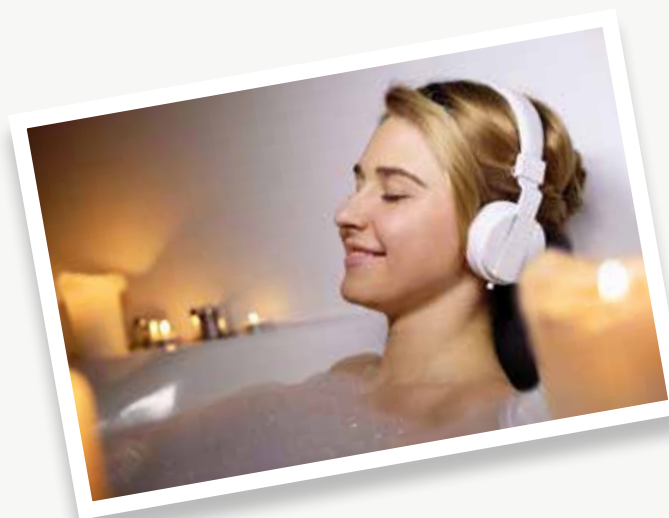

A series of jets are designed and strategically positioned around the spa bath to maximise the massaging effect to soothe muscle tensions and help you unwind.

The water pressure can be adjusted in each jet to create the intensity that your body needs. The greater the number of jets the greater the massaging action.

When targeted on tense and sore muscles they deliver a deep tissue massage to provide effective relief.

16 JETS

## HYDROTHERAPY MASSAGE SPA BATHS

Invest in your wellbeing and create a soothing massage effect in the warmth and comfort of your home.

Englefield's range of Hydrotherapy spa baths bring together modern design with the long-established benefits of water. The combined effects of heat, gravity relief and massage, provide a soothing relief for the rigours of today's modern living.

The Hydrotherapy spa baths feature innovative developments in lumbar and massage jet technology for the ultimate in stress relief. It is simple to adjust the pressure of the jets so you can easily transform a gentle relaxing moment into a deeply penetrating massage.

## JET SPA BATHS

Come home to enjoy a total relaxation experience while being massaged by powerful jets of water to soothe tired muscles.

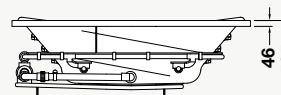

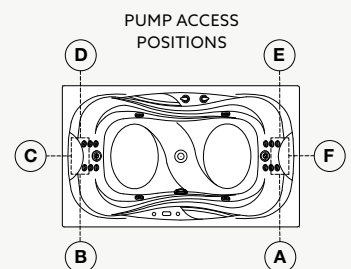

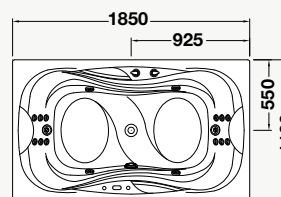

Discover the power of Englefield's jet technology to give your body a targeted massage experience to help ease the tensions of the day. A series of jets are designed and strategically positioned around the spa bath to maximise the massaging effect to soothe muscle tensions and help you unwind.

Each jet is individually adjustable to create the intensity that suits your body needs. The body jets are designed to target those tired calf and thigh muscles while the back jets provide relief for the hips and lower back.

## FEATURES UP CLOSE

Protect yourself, your home and your family with Englefield's spa-safe technology.

### A. DIVERTER VALVES

These are used to adjust water flow to the back jet region of the bath, allowing you to customise your spa experience. Available for the Evora spa model only.

### B. BACK JETS

The back jet system helps loosen tension throughout the back and shoulders. Water flow rate, or intensity, can be varied.

### C. ADJUSTABLE BODY JETS

Adjustable jets allow you to angle the waterflow for maximum therapeutic benefits. Direction and flow intensity can be varied on each individual jet.

### EVORA ROTARY PULSE JETS

Twin Helix Rotary Massage Jets produce a uniform air/water mixture with a unique circular bubble pattern and continuous, swirling rotary action. When targeted on tense and sore muscles they deliver a soothing deep tissue massage.

### E. AIRFLOW CONTROL

Used to vary the intensity of the air massage, simply by turning the control.

### F. ELECTRONIC CONTROL

Electronic control panels provide fingertip control. The Electronic control allows the heater to be turned off while the pump is still running conserving energy and enabling you to maintain a comfortable water temperature at all times.

### HIGH TEMPERATURE PROTECTION

All spas are thermostatically controlled to ensure a comfortable and safe bathing experience.

### BODYGUARD® VALVE

The Bodyguard® valve features technology that detects blockages – eg caused by someone's hair being caught in the suction valve.

## AIRMESSAGE™ TECHNOLOGY

Experience a unique bathing sensation as you immerse in style and comfort while being massaged by thousands of soothing air bubbles that invigorate the whole body.

AirMessage™ baths operate on newer technology than water jet spa baths. They use a warm air blower that generates tiny air bubbles through small air jets in the lower sides of the bath. These bubbles caress the body as they move toward the surface of the water and revitalise with a full-body massage. The air jets are very small – less obtrusive, and detracting little from the attractiveness of the bath.

Air baths offer a combination of therapeutic benefits to give maximum relaxation. Water provides the feeling of weightlessness, warmth relaxes the entire body and air movement works on blood circulation. It offers a degree of relief from the pain of some physical conditions.

AirMessage™ provides an extremely affordable spa-like bathing experience and it uses 70% less power than a conventional water jet spa of equivalent size, so less expensive to run. A winning combination.

### AIRMESSAGE™ MINI AIR JETS

AirMessage™ baths are fitted with a set of 30-36 mini air jets that produce a series of tiny air bubbles that deliver an invigorating massaging effect to your skin.

The mini air jets are colour-matched to your bath and only measured at 12mm in diameter for a clean, almost invisible look. Your AirMessage™ experience will begin with just one easy touch of the switch.

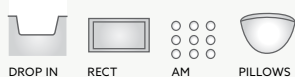

### BENEFITS

The vibrating massaging bubbles manipulate soft tissues of the body that stimulate the circulation of blood flow. This activity helps the body's own repair mechanisms, thus promoting relief to minor strains and pains of the muscle.

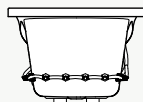

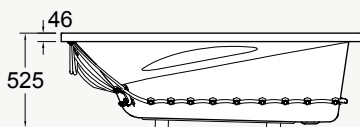

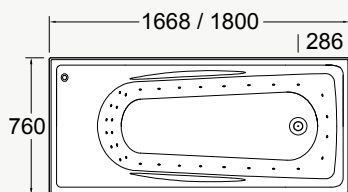

Your skin will also benefit from the invigorating effect from the movement of water of the AirMessage™ Bath. Englefield's AirMessage™ bathing range brings you an all-over luxury at a price that easily fits into your renovating or building budget, and a style that can integrate into any bathroom design without a hassle.

## STUDIO™ II RECTANGULAR AIRMESSAGE™ BATH

# TOILETS

With an Englefield toilet suite you can be sure of having design excellence, comfort, durability, style & affordability.

There's an Englefield toilet for every installation situation.

# INFORMATION TO CONSIDER

UP TO  
**10 YEAR WARRANTY\***

TERMS AND CONDITIONS APPLY  
 see full warranty information at  
[www.Englefield.co.nz/warranty](http://www.Englefield.co.nz/warranty)

Cisterns & pans, 10 years.  
 Seats, seals & washers,  
 bumpers & hinges,  
 flush & fill valves, 2 years.  
 Electronic bidet seat,  
 3 years (parts only).

## STYLES

### WALL HUNG

The toilet pan is wall mounted and the cistern is concealed within the wall cavity, requiring less space than conventional toilets.

WALL HUNG

### WALL FACED

The toilet pan is floor mounted and the cistern is concealed within the wall cavity, requiring less space than conventional toilets.

WALL FACED

### BACK TO WALL

The rear of the toilet is flush to the wall with waste and inlet pipes concealed.

BACK TO WALL

### CLOSE COUPLED

The lines of the cistern merge neatly with the pan ensuring good looks and effortless cleaning.

Check the models as can be S or P Trap compatible.

CLOSE COUPLED

## WATER ENTRY

### REAR ENTRY

A more recent trend where the inlet pipes are concealed behind the cistern. An uncluttered and more popular piping option.

REAR ENTRY

### SIDE ENTRY

Plumbing for the inlet is separate and does not determine cistern location. Suitable for a variety of water inlet positions.

SIDE ENTRY

## FEATURES

### QUIET-CLOSE™

The Quiet-Close™ seat is engineered to close slowly at the slightest ouch, reducing noise and increasing hygiene.

QUIET-CLOSE

### QUICK-RELEASE™

Enables swift and easy removal of the seat without tools for easy cleaning.

QUICK-RELEASE

### RAISED HEIGHT

Increased pan height for improved sitting comfort. Feature is available for Evora II Raised Height, Milano and Valencia toilets.

RAISED HEIGHT

### BOX RIM

The flush is distributed around the bowl more efficiently, as water travels through holes under the rim, providing a more controlled flush, a better clean, and efficient water use.

### RIMLESS

With hygiene and cleanliness major toilet concerns, rimless toilets increase hygiene, making for easy day-to-day cleaning of the bowl.

## IMPORTANT TO KNOW

### WATER EFFICIENCY LABELLING SCHEME (WELS)

The WELS is designed to inform consumers with water consumption and water efficiency information to help them make a smarter decision when purchasing water-using products.

Rest assured that all Englefield's toilet suites are fully tested and comply with the AS/NZS 6400 standards.

Look out for the WELS sticker on your next toilet suite purchase.

The more stars the more water efficient

# ELECTRONIC BIDET SEATS

They attach easily to most existing toilets, but before you purchase, please discuss and ask for a template at your local merchant (or download from the Englefield website) to check compatibility.

- Electronic bidet seat with Quiet-Close™, Quick-Release™ heated seat.
- Retrofit to existing toilets (please refer to reseller for compatibility check).
- Proximity sensor for touchless lid operation (remote control model only).
- High grade stainless steel wand for rear/bidet wash – self cleaning.
- 6-level position adjustment.
- Posterior and feminine cleansing – oscillating and normal spray.
- Heated water reservoir – ensuring immediate warm spray and temperature adjustment available.
- Heated air dryer. Deodouriser function.
- 2-level power saving modes.
- Sitting sensor enables cleansing functions only when seated (stops children playing with it, accidental activation).
- No interference with standard toilet functionality.
- Includes T connector, water inlet hose, seat fixing kit, water filter and electronic bidet seat.
- Complies with WMTS-051 Toilet Douche Seats and electrical safety standards AS/NZS 60335.2.84.
- Maximum user weight of 120kg.
- IP Rating: IPX4.

**IMPORTANT NOTE:** The Englefield Electronic Bidet Seat must be installed in accordance with AS/NZS 3500.1, which will require the installation of a high hazard backflow prevention device (not supplied). Please consult with your registered Plumber or Hydraulic Consultant.

BUILT IN CONTROL PANEL WITH EASY TO USE BUTTONS: Controls functions including wash, dry and deodoriser.

Remote Control Model

### EASY INSTALL - EASY CLEAN

Simple to install to a wide range of toilets and the Quick-Release allows for easy cleaning. Ask your retailer if this product is compatible with your brand of toilet. If you don't have this information – ask for a template to take home. It will confirm compatibility before you buy.

### SEAT

The Quiet-Close™ seat is anti-bacterial, heated for the ultimate in comfort and has a heated air dryer function.

### SITTING SENSOR

This sensor at the back of the seat ensures peace-of-mind as bidet functions are only activated when the user is sitting. It helps prevent kids from playing with the seat, or being accidentally activated.

### WAND

High grade, stainless steel wand for posterior & feminine cleansing with warm water. The wand also has an auto self-cleaning stainless steel nozzle for personal hygiene with six adjustable nozzle positions.

SEPARATE REMOTE CONTROL WITH EASY TO USE BUTTONS: Controls functions including wash, dry and deodoriser.

## ENGLEFIELD ELECTRONIC BIDET SEAT

with Integrated Control Panel

You'll always know where the control panel is so there's no possibility of misplacing this. As it is connected to the seat, it doesn't require batteries.

Control Panel

## ENGLEFIELD ELECTRONIC BIDET SEAT

with Remote Control

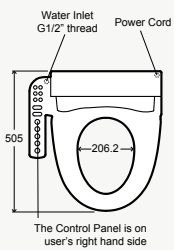

Introducing this new bidet seat with the convenience of a remote control. This enables the bidet settings to be more easily accessed as it can be placed within easy reach on a nearby wall or surface, and any side of the toilet. This model also has a proximity sensor for touchless lid opening/closing.

# FURNITURE

Bathroom furniture plays an important storage role as well as making a visual statement. All Englefield vanities are available in classic white and most are also available in two attractive 'timber look' finishes.

Bathroom vanities look best when they match the rest of your bathroom in size, colour and style. The Englefield range ensures you have the choice to create a functional yet beautiful, integrated look.

# INFORMATION TO CONSIDER

Cabinets, 3 years.  
Vanity tops, 5 years.

## ACCESSORY

### BASIN WASTES

Chrome plated 32mm basin wastes are now available with or without an overflow.

DN32 Basin Waste

99325A-CP

DN32 Basin Waste with Overflow

99326A-CP

## IMPORTANT TO KNOW

The Englefield vanity range offers these key features:

- The Valencia range has four size options and the Valencia Elite range has three size options, in floor standing or wall hung, all suitable for any bathroom. The Sapphire range has two size options, in floor standing only. Slim vanities are available in three size options, in wall hung only.
- The Sapphire range has adjustable door hinges and the Valencia collection has soft-close drawers.
- 100mm high toe kick panel in the floor standing range reduces wear and tear in high traffic areas.

## STYLES

### FLOOR STANDING

Provides you maximum storage space.

### WALL HUNG

Contemporary look, with generous storage.

WALL HUNG

## FEATURES

### SINGLE AND DOUBLE BOWL VANITY TOPS

Double and single bowl options are available. The vanity top is pre-drilled to allow for installation of one basin mixer (or two in the double bowl option).

SINGLE BOWL

DOUBLE BOWL

## FEATURES UP CLOSE

Pick your vanity size, finish and style – and now for 750, 900 and 1200mm standard sizes, choose either a Durastone®, ceramic or new stone top.

### CERAMIC TOPS FOR VALENCIA® VANITIES

These new, slim line ceramic tops are made using high grade natural materials. They have been glazed to make them tougher, and therefore, more durable. Ceramic tops have a traditional 'feel' and appearance, with a deeper etched bowl design for visual appeal and ease of cleaning.

- Available for all standard width 750/900/1200mm Valencia wall hung and floor standing cabinets, single and double drawer. Not available for slim vanities.
- Premium grade.
- Integrated single bowl.
- Easy drain and easy clean bowl.
- One pre-drilled tap hole, so no drilling required. Tapware not included.
- Tile bead upstand.
- Integrated overflow.

### DURASTONE® TOP FOR VALENCIA® VANITIES

These are made from a high-quality stone resin. Using a blend of finely ground, pure white limestone compounds and mixed with superior performance resin, they are durable and good-looking. They combine the quality of stone with today's technology, for longer lasting performance.

- Available for all sizes: 1200, 900, 750 and 600mm vanities.
- Available for all Valencia wall hung and floor standing cabinets. Single and double drawer.
- Integrated single bowl. 1200mm also has a double bowl option.
- Easy clean and durable.
- One pre-drilled tap hole, so no drilling required (1200mm double bowl has two). Tapware not included.
- Integrated overflow.
- Overflow cover.

### VALENCIA® VANITY CABINETS

- Vanity Sizes: double drawer – 1200, 900, 750 and 600mm; single drawer – 1200, 900 and 750mm; slim vanities – 900, 750 and 600mm.
- 1200mm floor standing and wall hung double drawer vanity cabinets with double bowls have two sets of double drawers (four in total), single bowl has longer double drawers.
- 1200mm wall hung single drawer vanity cabinets with double bowls have two sets of single drawers (side by side), single bowl has one drawer and a cupboard. Drawers have partitions to keep products organised, maximising drawer space.
- Double soft-close drawer in Floor Standing and Wall Hung options.
- Single soft-close drawer in Wall Hung only.
- Moisture resistant exterior, with either high gloss polyurethane paint or timber-look laminate.
- Rigid frame and fully enclosed for ease of installation.
- 100mm high toe-kick panel in the Floor Standing range reduces wear and tear in high traffic areas.

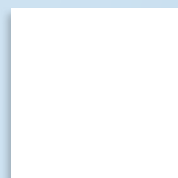

CERAMIC TOP SIZES: 750, 900 and 1200mm (750mm shown).

DURASTONE® TOP SIZES: 600, 750, 900 and 1200mm (750mm shown).

### FINISHES – CABINETS AND TOWERS

- All vanities and tower storage units are available in Classic White, Scorched Oak and Salty Elm timber-look finishes, except slim vanities, which are only available in white.\*

CLASSIC WHITE

SALTY ELM

SCORCHED OAK

\*Colours subject to change. Refer to Englefield website for latest options available.

Choose your vanity top colour and mix and match with the cabinet finish you want. Three top finishes, three cabinet finishes.

**STONE TOP VALENCIA ELITE® VANITIES**

This new vanity range features beautifully engineered stone tops that are resilient and durable. Made from natural crushed quartz stone bound with resin, they have the appearance of natural stone, but are far more hard wearing and scratch resistant. Top off with your own basin, or one of ours, for your individual signature look. Stone tops are available with pre-drilled waste or with pre-drilled waste and tap hole.

- Available for all standard width 750/900/1200mm Valencia wall hung and floor standing cabinets, single and double drawer. In three colour finishes: Classic White, Salty Elm and Scorched Oak. Not available for slim vanities.
- Stone tops available in 3 colours – Frost White, Light Grey and Marquina Black (marble look) – mix and match with Valencia cabinet finishes.
- Premium grade engineered stone.
- Durable, scratch and mould resistant.
- With pre-drilled waste hole only, or with additional pre-drilled tap hole. See table below for options.
- Easy clean.
- Basins/tapware are not included. Kohler Mica vessel basins shown are sold separately. Please refer to Kohler website: [kohler.co.nz](http://kohler.co.nz)

# TAPWARE & ACCESSORIES

Tapware and bathroom accessories are the most used fittings in your bathroom.

Just changing the accessory is a simple and affordable way to give your existing bathroom a new look. Coordinate all the tapware with any of the Englefield accessory range in your bathroom for a seamless design.

# INFORMATION TO CONSIDER

UP TO

15

YEAR

WARRANTY\*

TERMS AND CONDITIONS APPLY

\*see full warranty information at [www.Englefield.co.nz/warranty](http://www.Englefield.co.nz/warranty)

**Tapware:**  
Polished Chrome finish, 15 years; Black Powder coated finish, Brushed Nickel finish, 2 years. Shower heads, 5 years. Shower hoses, 2 years.

**Accessories:**  
Polished Chrome, 10 years; Black Powder coated finish, 2 years.

## IMPORTANT TO KNOW

### WATER EFFICIENCY LABELLING SCHEME (WELS)

The WELS label is designed to inform consumers with water consumption and water efficiency information to help them make a smarter decision when purchasing water-using products.

Rest assured that all Englefield's tapware components are fully tested and comply with the AS/NZS 6400 standards.

Look out for the WELS sticker on your next tapware purchase.

### WATERMARK

WaterMark™ is a product quality certification mark provided by independent certifying authorities.

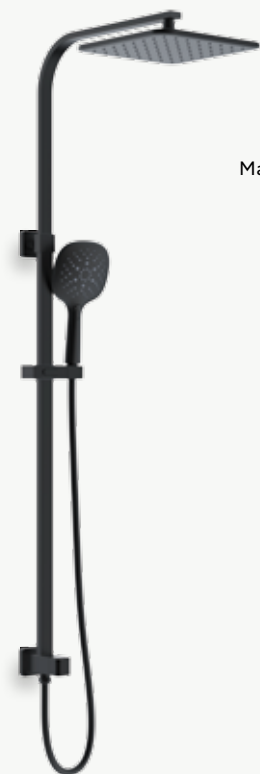

It confirms the product complies with the Plumbing Code and the relevant plumbing standards, which relate to product quality, including health and safety, and warrant that it is fit for purpose.

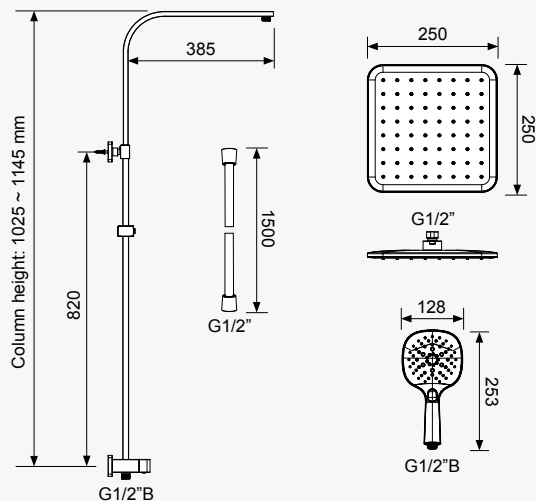

## MILANO™ DUAL RAIN SHOWER Square

With a modern rounded square design, this shower column is ideal for any contemporary bathroom.

# KITCHEN SINKS & TAPWARE

Bringing the traditional Englefield values of superb quality, great design and affordable prices right into the kitchen.

These tapware and stainless steel sinks offer lasting good looks and enduring functionality.

# INFORMATION TO CONSIDER

Tapware, 15 years (Matte Black tapware, 2 years).  
Stainless Steel Sink, 5 years. Waste & overflow, 2 years.

## INSTALLATION TYPES

### UNDER COUNTER

Under counter installation allows you to build your benchtop right up to the edge of the sink for a seamless look.

### OVER COUNTER

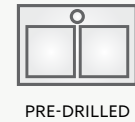

Easier to install and a more affordable option. Usual design intention when you require a draining board.

## FEATURES

### PRE-DRILLED FOR 1 TAP HOLE

The modern, uncluttered and efficient tapware option. Suitable for single lever kitchen mixers.

## EXTRAS

All sinks supplied with wastes and fixing kits.

All models are made from high quality Grade 304 brushed stainless steel, and are sound dampened to eliminate noisy 'clatter' when things are accidentally dropped.

## CABRIOLE ELITE™ KITCHEN SINK 1 1/4 Bowls

Crisp, geometric design with 90° square corner bowls, all produced from high quality, brushed stainless steel. Bowls are 1mm and draining boards 1.2mm thickness.

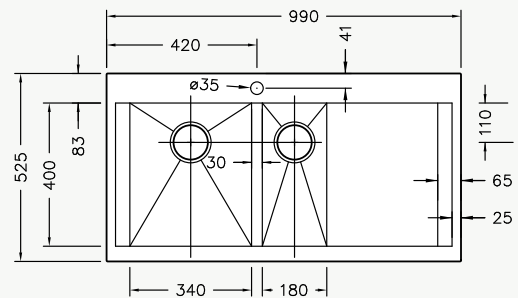

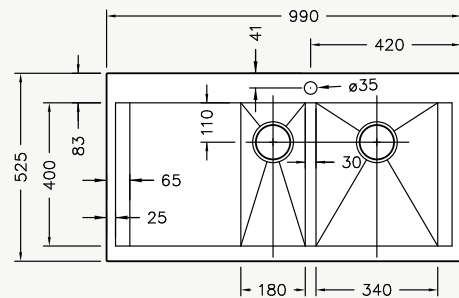

- 1 1/4 bowls.
- 24L capacity for full size bowl. 175mm to underside of overflow.
- Overall size: 525 (w) x 990mm (l)  
Bowl sizes: 400 (w) x 340 (l) x 200mm (d) and 400 (w) x 180 (l) x 130mm (d).
- Single pre-drilled tap hole.
- Large draining board. Available with draining board on left or right side.
- Over counter installation.
- Overflow.
- Includes two wastes and a fixing kit.

# ENGLEFIELD & KOHLER: A HISTORY

## THE YEAR WAS 1873

An unlikely time to start a new business in America. A financial panic had begun in September of that year, followed by a depression that affected the national economy for the next five years. Despite the economic uncertainties of the day, John Michael Kohler purchased the Sheboygan Union Iron and Steel Foundry, never anticipating the growth of the company that would eventually bear his name.

The firm produced cast iron and steel implements for farmers in the area, castings for the city's furniture factories, and ornamental iron pieces that included hitching posts, cemetery crosses, urns and settees.

In 1883 John Michael took a product in his line called a horse trough/hog scalding, heated it up to 930°C and sprinkled on some enamel powder. He liked it so much that he pictured it in his catalogue, describing it as "a horse trough/hog scalding, when furnished with four legs will serve as a bathtub." Kohler was in the plumbing business.

Like Kohler, many of the early employees were immigrants. Steeped in a heritage of European craftsmanship, they were eager to achieve success in their new country. Their dedication to excellence helped to forge one of the oldest and largest privately-held companies in the United States; a company that has grown to international stature with 30,000 associates worldwide. From potteries in Mexico and China, to showrooms in Japan and France, KOHLER ideas, craftsmanship and technology are at work today leading the way to more gracious living in plumbing products, exquisite furniture, engines and generators, hospitality and real estate.

KOHLER purchased Englefield in 2001. Englefield were already market leaders in showering and bathing products in New Zealand. KOHLER added vitreous china products – toilet suites and basins – to the existing Englefield range. A range of kitchen sinks and tapware were also added, completing the Englefield Bathroom and Kitchen Collection.
