## VIEWING PRODUCTS

You can view the largest Englefield collection in New Zealand at the Englefield Showroom at 133 Diana Drive, Glenfield, Auckland, or visit us online at [englefield.co.nz](http://englefield.co.nz) and use our showroom locator to find a store near you.

# SHOWERS

Englefield has a history of making superb showers and their popularity is testament to their quality and affordability.

It's the details that Englefield cares about – from pioneering the latest technology, to innovative design, it's all to make your showering experience the very best it can be.

Acrylic walls, doors and trays, 10 years. CleanLess® protected interior glass, 2 years.

## ENGLEFIELD® SHOWER WALLS

Englefield® Shower walls are manufactured from Duracryl® 2mm premium grade acrylic, a hygienic scratch and mould resistant material, that gives durability to our products.

### CORNER CONTOUR® PLUS WALL

- This is a space-saving option with five removable, easy to clean corner shelves.
- It provides three shelves with discreet – yet practical and easy to reach – hanging hooks, one shelf with flannel bar, and one shelf with a footrest for pampering your legs.

For more details go to **page 4**.

### SIDE RECESSED WALL

- This wall offers the best in space-saving solutions by egressing into the framing cavity of your bathroom wall. This affords you additional storage without losing any of the internal space within the shower enclosure.

Find out more on **page 5**.

### FLAT WALL

- For those that don't require storage within the shower.

For more information and details on wall dimensions and door adjustments go to **page 37**.

For more details on Englefield shower features please refer to the 'Features Up Close' sections.

## SHOWER ENCLOSURE SHAPES

## ACCESSORIES

### EASY CLEAN TRAP AND HI-FLOW WASTE

The perfect drainage solution to complement your Englefield shower.

These renowned products are an extremely effective design, easy to clean and install with both tile or acrylic enclosures.

Please check availability of waste positions (corner/centre) for each shower tray shape, and across different ranges.

## IMPORTANT TO KNOW

### NATIONWIDE SERVICE NETWORK

A comprehensive service network is in place throughout New Zealand to provide technical advice and full after sales service. Please call on **0800 100 382** for assistance.

## CLEANING AND MAINTENANCE

### ACRYLIC (SHOWER WALLS AND SHOWER TRAYS)

To clean acrylic surfaces use non-abrasive soap and water.

It is recommended that the product surface is wiped dry after each use to prevent the build up of soap and scum.

### GLASS (SHOWER DOORS AND RETURN PANELS)

Glass can become permanently stained by allowing water to remain on the surface.

To avoid damage, clean and dry the glass after each use and carefully read all instructions of cleaners before applying to the glass surface.

To ensure longevity of interior treated glass, it is recommended to use our CleanLess® glass care pack (see page 35). It will keep your shower looking 'showroom' clean! For full cleaning and maintenance procedures visit our website.

## SHOWERS

### ENGLEFIELD® CORNER CONTOUR® PLUS SHOWER WALL

The beautifully designed **Corner Contour® PLUS Shower Wall** offers practical yet aesthetically pleasing solutions to the need for more storage options, without compromising the shower's internal space.

The contemporary slimmer look provides greater storage through an increased height of overall shelving in a sleek and dynamic moulded design.

Corner Contour PLUS shower walls are supplied with clear shelving as standard.

Premium and Glass shelvings are optional extras you can purchase to customise and style your shower.

Englefield® Corner Contour® PLUS acrylic wall liners are protected by: NZ Design Registration No. 424475.

#### COMPATIBLE WITH ALL SHOWERS

Suitable for 1930mm height (Sapphire, Valencia Elite) and 2000mm height (Evora frameless and Tivoli) showers.

#### PREMIUM ACRYLIC

The walls are made from premium grade Duracryl™ acrylic, and are scratch and mould resistant.

\*2010/1935mm FIVE SHELF ONLY

#### STORAGE HEIGHT

Customise the shelf locations to suit your needs. The gap between the shelves is 320 mm.

#### HANGING STORAGE BUILT IN

Three shelves with discreet and handy integrated hanging hooks.

#### FACE-CLOTH BAR

One flannel bar shelf with soap dish.

#### EASY CLEAN

Polycarbonate shelves are easily removed and re-installed, plus the standard shelves are dishwasher proof.

#### BUILT-IN DRAINAGE

Built-in drainage channel except comfort shelf)

#### CONVENIENT FOOTREST

One comfort shelf with footrest for ease of shaving legs.

### OPTIONAL EXTRA: PREMIUM SHELVEING

Optional premium shelving packs come with a 'drop down' mirror shelf, 2 shelves with hanging storage, a flannel bar/soap dish and a comfort foot rest shelf. Available in black or white.

#### Drop-down Mirror

Innovative shelf design with drop-down mirror. The mirror is in highly polished stainless steel – so no corrosion. The stainless steel has excellent heat retention for anti-misting. The mirror also pivots for easy adjustment and has a magnetic catch when stored back into shelf. It is easy to remove and clean. Two shelf options – black or matched white (to wall).

Premium Shelf Pack Black 24692A-BL

Premium Shelf Pack White 24692A-0

## ENGLEFIELD® SIDE RECESSED SHOWER WALL

Make use of more space with the latest innovation in Englefield's range of storage solutions for your shower, the **Side Recessed Wall**.

This beautifully designed wall offers you a modern and minimalist way of storing your shower essentials.

Built into the framing cavity of your bathroom wall, the moulded shelves – made from our Duracryl® acrylic lining – are fully enclosed and don't intrude into the shower enclosure, allowing you to maximise your space. On exterior walls there will be no insulation in the cavity where the recessed shelves are placed.

Englefield® Side Recessed acrylic wall liners are protected by: **NZ Design Registration No. 426858.**

### BUILT TO LAST

The wall is made from premium grade Duracryl® acrylic, so it is scratch and mould resistant. This takes the hard work out of cleaning while standing up to the daily demands of a busy family.

### COMPATIBLE WITH MOST ENGLEFIELD® SHOWERS

Compatible with:

- 1930mm height door sets on a 70mm tray – Valencia Elite® and Sapphire® showers.
- 2000mm height door sets on a 70mm tray – Evora® frameless and Tivoli® showers.

Suits 400mm or 600mm stud centres, minimum 90mm cavity depth with nogs in accordance with NZS 3604.

Additional nogs are required to support shelves.

### OPTIONAL EXTRA: PREMIUM GLASS SHELVING

Englefield Premium Glass Shelves add a touch of sophistication and elegance to any bathroom.

Compiled with AS/NZS 2208:1996 standard, the 8mm toughened glass is supported by polycarbonate clips maximizing durability and extending the longevity. They are exclusively compatible with the Englefield Corner Contour PLUS wall.

Premium Glass Shelf Pack 30825A-NP

### SIDE RECESSED 2-SIDED BATH WALLS

Now available for use in shower-over-bath installations.

Beautifully designed to provide a modern and minimalist way of storing shower and bath essentials without encroaching into the showering space.

With all the features and benefits of the side recessed shower walls – please see **page 5** for these, including the framing requirements. For all shower over bath packages (bath, wall and screen), please refer to **page 60** for details.

### CORNER CONTOUR PLUS 2-SIDED BATH WALLS

For use in shower-over-bath installations.

With all the features and benefits of the Corner Contour PLUS shower walls, but with 4 shelves only. For all shower over bath packages (bath, wall & screen), please refer to **page 60** for details.

## TIVOLI®

Indulge in the epitome of luxury with the new Englefield Tivoli Shower Enclosure range, where sophistication meets affordability. Available in an array of stunning finishes: Metallic, Brushed Gold and Gun Metal Grey.

Engineered for effortless functionality, our InSlide and InSwing mechanisms provide maximum door opening with minimal effort. Elevate your shower experience with Tivoli, where every detail is designed for your ultimate comfort and style.

- Choose acrylic (wall, tray, and door set) or tile (tray + door set) option.
- 2 metres of generous door height.
- 3 finishes to choose from: Metallic, Brushed Gold and Gun Metal Grey frame and fittings.
- Magnetic strip design to reduce the noise with reliable water seal.
- Interior glass treated with premium CleanLess® easy clean protection.
- 8mm toughened safety glass.
- Reversible door – left or right opening.
- 3-sided quality Duracryl® flat, Corner Contour PLUS or Side Recessed wall options (acrylic option only).
- Low profile Quick-fit tray with 70mm sill height for easier shower entry. 40mm tray upstand for superior watertightness.
- Centre waste position available with all sizes.
- Rear waste position available in 900 x 900 and 1000 x 1000mm.
- Englefield Easy Clean trap and adhesive pack included.
- 10 year limited warranty (check our website for details).

## FEATURES UP CLOSE

Tivoli offers a tailored touch to elevate any bathroom space. The enclosure boasts a generous door height of 2000mm and an impressive glass thickness of 8mm, ensuring durability and elegance. With our innovative Cleanless coating, maintaining that pristine look has never been easier.

**INSIDE SHOWER**  
(LEFT HAND ENCLOSURE SHOWN)

**INSWING SHOWER**  
(LEFT HAND ENCLOSURE SHOWN)

**ROUND SLIDING SHOWER**  
(LEFT HAND ENCLOSURE SHOWN)

### A. HEIGHT

A generous 2 metres door height.

### B. FRAME

Available in metallic, brushed gold, and gun metal grey finish.

### C. DOORS

InSlide and InSwing mechanisms provide maximum door opening with minimal effort.

### D. MAGNETIC CLOSE

InSwing and InSlide doors have a solid and magnetic door close.

### E. HANDLES

Quality 2-sided modern, colour matched handle for ease of opening, from inside and out.

### F. SWING ARM DOOR GLIDE

The InSwing door is a combination of a sliding and pivot mechanism, providing a minimal "door outswing" space saving solution with an effortless operation.

### G. PEACE OF MIND

The Tivoli® range comes with 8mm toughened safety glass, which meet all NZ safety standards, and a 10 year Englefield guarantee, ensuring complete peace of mind. (As with all Englefield showers, this certification is displayed on the glass).

### H. QUALITY DOUBLE ROLLERS

High performance double rollers are guaranteed to provide high quality operation and feel throughout the lifetime of the product. They have been engineered for a truly smooth movement. The quick release rollers at the bottom of the enclosure and the design of extrusion make cleaning of the hard to reach places super easy.

### I. BEST IN CLASS AESTHETICS

Tivoli® has been developed to the highest possible quality standards to ensure a stylish and contemporary look and feel. CleanLess® interior glass treatment protects to diminish marking and streaking making cleaning easy. Just a quick wipe down after use will keep the shower looking as good as the day you bought it.

### EASY INSTALLATION

Tivoli® is easy to install and maintain, and provides versatile options to choose from, so is a perfect choice for any contemporary bathroom space. There is an inbuilt adjustment in the wall retainers to ensure a seamless enclosure fitting, even with out-of-square walls.

## TIVOLI® SQUARE CORNER INSWING SHOWER

- Two sizes to choose from: 1000 x 1000mm, 900 x 900mm.
- Left or right hand opening (reversible door, infill and return panels).
- Premium quality, durable metal slide/pivot hinge.
- Available in metallic, brushed gold and gun metal grey.
- Corner waste or centre waste options.
- White waste cover with brushed gold and gun metal grey frames. Chrome waste cover with metallic frame.
- 8mm toughened glass.

## EVORA®

With a discrete design that elicits an endless array of aesthetic possibilities, the Evora® frameless shower ensures your dream bathroom is brought to life. Featuring a seamless glass enclosure that gives a clean, modern and stylish look, plus a sense of open space and luxury.

- Available in metallic or black frame with 2 metres of door height.
- 8mm toughened safety glass meeting all NZ standards (AS/NZS 2208 compliant).
- Generously sized, easy-to-install handles with matching finish.
- Best in class Quiet Close™ hinges, rollers and watertight seals for serious durability.
- Reversible glass door, with a solid clear door seal and frameless return panel.
- Interior glass treated with CleanLess® easy clean protection. The treatment forms a crystalline silicon structure on the surface of the glass making the surface water and dirt repellent. The treatment is water resistant, temperature resistant (from -30 to +340°C), acid and alkali resistant, UV-stable, lime scale resistant and abrasion resistant.
- Quality Duracryl® Flat, Side Recessed and Corner Contour PLUS wall options.
- Low profile Quick-fit® tray with 70mm sill height for easier shower entry.
- 40mm tray upstand for superior watertightness.
- Englefield Easy Clean trap with lid and adhesive pack included.
- Corner rear waste or centre waste positions available.
- Complete acrylic enclosure or tile options (tray and door/return set) available.
- Optional extra: premium shelving. Optional premium shelving packs come with a 'drop down' mirror shelf, 2 shelves with hanging storage, a flannel bar/soap dish and a comfort foot rest shelf. Available in black or white.

## FEATURES UP CLOSE

Take a closer look to discover the innovation that went into the creation of the Evora shower range.

### A. HEIGHT

2 metres of door height.

### B. FRAMELESS DESIGN

The seamless design opens up the space without interruption.

### C. MINIMAL SIZE EXTRUSION

Provides 10mm adjustability.

### D. CHOICES OF FINISHES

Personalise your space with either black or metallic finish frames.

### E. FULL HANDLES INSIDE AND OUT

Gives a finished look on both sides of the door and makes opening and closing from the inside much easier.

### F. GLASS

8mm glass thickness with CleanLess® protection.

### G. QUIET CLOSE™ HINGES/ROLLERS

Gently closes the door. Provides seamless opening and closing.

### TILE OPTION

Allows your choice of tile walls – so acrylic wall is not included. Tray is included.

## EVORA® SQUARE CORNER HINGED SHOWER

- Two sizes to choose from: 1000 x 1000mm, 900 x 900mm.
- Left or right hand opening (Reversible door, infill and return panels).
- Premium quality durable, Quiet-Close™ metal hinges.
- Slimline, less obtrusive glass-to-glass door.
- Available in metallic and black.
- Black finish comes with black waste.
- Corner waste or centre waste options.
- 8mm thick glass.

## VALENCIA ELITE®

Delivering market-leading ease of installation and best in class aesthetics, operation and feel. With easy installation and great design features, the beautifully engineered Valencia Elite® creates a modern, clean and uncluttered look, inside and out.

- Valencia Elite® is available as a full enclosure with your choice of wall or a tile option (door/return set and tray).
- 2 metres of generous height, including tray.
- Available in white, metallic and satin silver frame colours. Black frame is available in selected sizes/shapes.
- Colour matched edge capping and concealed screw fixings, for a totally clean and streamlined look.
- Best in class hinges (pivot doors) double rollers (sliding doors) and watertight seals for serious durability.
- Reversible pivot door, with a solid clear magnetic door close and semi-frameless return panel. (To minimise the visible frame, corner pivot doors are not interchangeable with alcove doors).
- State of the art adjustable dual roller sliding mechanism for sliding doors. Rollers are quick release for ease of cleaning. 7mm adjustment on top rollers.
- 2-sided modern D handle.
- 6mm toughened safety glass meeting all NZ standards.
- Interior glass treated with CleanLess® easy clean protection.
- 2 or 3 sided quality Duracryl® Flat, Corner Contour PLUS or Side Recessed wall options.
- Low profile Quick-fit® tray with 70mm sill height for easier shower entry.
- 40mm tray upstand for superior watertightness.

## FEATURES UP CLOSE

With the Valencia Elite® showering range, we've thought about every detail so you don't have to. Incorporating unique design features, Valencia Elite® enclosures combine design innovation with high quality, precision engineering to provide a truly compelling user experience.

### A. HEIGHT

A generous 2 metres, including tray.

### B. FRAME

Available in metallic, white and satin silver finish. Black finish available for most sizes and shapes. Please check individual shower details for black finish availability.

### C. PIVOT DOORS

Corner showers have a semi frameless return panel. Pivot Doors are reversible.

### D. MAGNETIC CLOSE

All doors have a solid clear magnetic door close.

### E. HANDLES

Quality 2-sided modern D handle for ease of opening, from inside and out.

### F. EDGING

Colour-matched edge capping covers edge of acrylic where frame meets wall.

### G. PEACE OF MIND

The Valencia Elite® range comes with 6mm toughened safety glass which meet all NZ safety standards (as with all Englefield

showers, this certification is displayed on the glass) and a 10 year Englefield guarantee, ensuring complete peace of mind.

### H. QUICK RELEASE SLIDING DOORS

Quick release rollers at the bottom of the enclosure make it easier to clean those hard to reach places preventing grime build-up and, ultimately, keeping the door movement smooth.

### I. QUALITY DOUBLE ROLLERS

High performance sealed double rollers are guaranteed to provide high quality operation and feel throughout the lifetime of the product. They have been engineered for a truly smooth movement – no wobble.

### J. BEST IN CLASS AESTHETICS

Valencia Elite® has been developed to the highest possible quality standards to ensure a stylish and contemporary look and feel.

CleanLess® interior glass treatment protects so diminishes marking and streaking and makes it easy to clean, keeping your shower looking as good as the day you bought it.

### EASY INSTALLATION

Valencia Elite® is easy to install and maintain, and provides versatile options to choose from, so a perfect choice for any contemporary bathroom space. For smooth installation, there is 25mm adjustment per retainer to ensure a seamless enclosure fitting, even with uneven walls.

## VALENCIA ELITE® SQUARE CORNER PIVOT SHOWER

- Two sizes to choose from: 1000 x 1000mm, 900 x 900mm.
- Reversible shower enclosure – left or right hand opening with full length magnetic door seal.
- Premium quality, durable metal pivot hinges.
- Available in white, metallic, satin silver and black.
- Black finish comes with black waste.
- Corner rear waste or centre waste options.
- 6mm thick toughened glass.

- Alcove has Centre Waste only.
- Englefield Easy Clean trap with white lid and adhesive pack included.
- 10 year limited warranty (check our website for details).

**ALL NEW  
SAPPHIRE  
RANGE**

## FEATURES UP CLOSE

Made with robust materials to ensure long-lasting performance, Sapphire shower enclosures are built to withstand daily use while maintaining their stylish appeal. Upgrade your bathroom today with quality and affordability in one perfect package!

### A. HEIGHT

1930mm height (2m including tray).

### B. REVERSIBLE DOORS

For greater flexibility and adjustability Sapphire square showers have fully reversible pivot doors, allowing them to adapt to your bathroom.

### C. TOUGHENED GLASS

All Englefield Sapphire showers are supplied with 6mm toughened safety glass meeting all NZ Safety Standards.

### D. QUALITY DURACRYL® ACRYLIC WALLS

Duracryl® acrylic walls are developed with the latest technology and are scratch and mould resistant to take the hard work out of cleaning while standing up to the daily demands of a busy family.

### E. QUICK-FIT™ LOW PROFILE SHOWER TRAY

Manufactured from resilient sanitary grade acrylic, our 70mm low profile shower trays feature a 40mm upstand for increased watertightness and 70mm sill height.

### F. WATER SEALS

Transparent, more mould resistant, flexible sealing gaskets on the door enhance watertightness.

### MOULDED WALLS

Available in flat, Corner Contour PLUS or Side Recessed wall options. The patented Corner Contour PLUS wall allows for shelf-space while taking up minimal space, and has four removable shelves that are easy to clean. (Flat Wall options shown).

## SAPPHIRE® SQUARE CORNER PIVOT SHOWER

- A choice of 2 sizes: 1000mm x 1000mm, 900mm x 900mm.
- Fully reversible pivot door.
- Available in white finish with white waste.
- Corner rear waste or centre waste options.
- 6mm thick toughened glass.

## SHOWER TRAYS & SHOWER SCREENS

Transform your bathroom with Englefield Flight Level Trays and Evora Shower Screen.

Upgrade your bathroom with the Englefield Flight Level Shower Tray, designed for seamless, modern living. At just 25mm high, this ultra-low shower tray offers effortless level-entry access, making it perfect for all generations and mobility needs. Despite its sleek profile, it's highly robust and durable, ensuring long-lasting performance.

Combine with the stylish Evora Shower Screen to create a minimalistic wet space – a contemporary alternative to a traditional bath. This combo delivers elegance, functionality, and ease of use in one seamless solution.

Step into the future of showering with Englefield.

## DURASTONEPLUS® SOLID SURFACE SHOWER TRAYS

Explore the seamless fusion of style and practicality with our DurastonePlus® Shower Trays.

Meticulously crafted from ultra-durable Solid Surface material, these trays boast a sleek design, minimalistic aesthetics, and effortless maintenance. Plus, they seamlessly integrate with all Englefield shower doors. Elevate your daily showering ritual today!

### WHAT IS DURASTONEPLUS® SOLID SURFACE?

DurastonePlus® Solid Surface is made of mineral-filled polyester resin. It doesn't contain any harmful, respirable crystalline silica, so it is very safe and stable.

DurastonePlus® Solid Surface trays have many benefits:

- **Hydrolysis resistance** – helps to withstand exposure to heat and humidity over an extended time.
- **UV resistance** against yellowing.
- **Resistance** to chemical agents.
- **Nonporous** – unlike grout (a breeding ground of mould, germs, etc).
- **Seamless surface** – smooth but not slippery.

**NEW  
RELEASE**

## DURASTONEPLUS® SOLID SURFACE SHOWER TRAYS

Effortless maintenance, enduring sophistication: the ultimate shower tray solution!

- Trays are available for 2-sided installation only in sizes: 900x900mm (square or round), 1000x1000mm (square or round), 1200x900mm (rectangular only, left or right hand).
- Centre waste position only. Waste cover matches colour and material.
- The minimal 30mm tray height provides a slim line minimalistic look.
- Tray material is DurastonePlus™ Solid Surface.
- Available in 2 matte finishes: Kohler White and Thunder Grey.
- 25mm integrated upstand maximises waterproofing protection.
- Removable waste trap makes cleaning easier and catches stray hairs, helping to prevent blockages.
- Compatible with all Englefield shower doors.

## FLIGHT LEVEL SHOWER TRAYS

Englefield now offers a new option to replace your unused bath space.

The new Englefield 1700 x 900 flight level shower tray offers a unique, spacious and luxurious option to revolutionise your showering experience.

Designed with Biocote® protection technology the Englefield flight level shower tray not only looks great but is made to reduce bacteria build up and maintain its pristine aesthetic.

### FLIGHT TECHNOLOGY

The Englefield Flight Level Tray is intricately moulded with a stone resin encapsulated by layers of acrylic to ensure the durable Flight level tray's resistance to scratching, chips and discolouration.

### FLIGHT LEVEL SHOWER TRAY

1700 x 900mm

A spacious and luxurious showering system that is a great option for replacing an unused bath space.

- Alcove/3 sided installation only.
- Slim and minimal 25mm tray front sill height for a more seamless shower aesthetic.
- Unique waste design allows choice of horizontal or vertical outlet pipe connection.
- The removable waste trap makes cleaning easier and catches stray hairs, helping to prevent blockages.
- Flight technology reduces weight and increase robustness.
- BioCote® technology fights mould and bacteria, reducing it by up to 99.9%.
- Included Components: Slot Waste with removable trap.

\*Please note that underfloor space is required to accommodate the waste.

INSET: Easy-cleaning removable waste trap

## ENGLEFIELD® SHOWER WALLS & TRAYS

Always check that the walls and tray are made from premium grade acrylic when you are looking to purchase a new shower. Englefield® Duracryl® sanitary grade acrylic is the best quality, so it will last, unlike some other less expensive grades.

### ENGLEFIELD® QUICK FIT™ SHOWER TRAYS

Trays are the foundation of any shower and Quick-fit™ trays are manufactured from one piece of resilient, premium quality, sanitary grade acrylic.

Quick-fit™ shower trays have a solid base construction making them incredibly strong and reducing bending and warping. They are quick to fit as they have a 40mm upstand that requires no rebating into the wall frame when using 10mm plaster board. The upstand conceals the line of silicone so you have a waterproof join without the 'mouldy' line. This ultra high 40mm upstand also increases watertightness, so you can be assured of long lasting performance from this quality product.

## TILE OPTIONS

Bathrooms have become a key consideration in current building and renovating projects. Because of this, tiled showers have increased in popularity over the last years, as they offer endless possibilities in terms of shape, design, colour and texture. The end result can change the entire aesthetics of a bathroom and add value to any home.

Englefield 'Tile option' showers include everything except the Duracryl® acrylic walls. This allows your own choice of tile\* walls, while still using an Englefield shower tray.

There are some adjustments required for these applications, and for this reason it is strongly recommended that a professional installer is used to ensure correct fit and to get the maximum performance from these doors.

### GUIDELINES FOR INSTALLING AN ENGLEFIELD SHOWER WITH TILED WALLS

- Discuss the installation and tiling with your chosen waterproofing / tiling professional and Approved Englefield Installer prior to starting.
- Follow both the Englefield Acrylic Shower Tray and wall board manufacturer (eg GIB®, Villaboard® or other) instructions when installing the shower tray and wall board.
- If possible, the complete door system should be installed onto the cured waterproof membrane prior to wall tiling. If not, at a minimum the vertical wall retainer extrusions MUST be installed onto the cured wet area membrane PRIOR TO THE WALL TILING. Failure to do so may mean the door system may not fit on the shower tray due to a combination of tile thickness, tile adhesive thickness and any positive / negative inclination of the finished wall board.
- Fill any screw holes that penetrate the waterproof membrane with silicone sealant. Refer to any further recommendations of your chosen waterproofing / tiling professional regarding this.
- Call Customer Services on **0800 100 382 (NZ)** for further assistance.

\*Tiles are not included.

## ENGLEFIELD® EASY CLEAN TRAP & HI FLOW WASTE

Englefield has set industry standards with its Easy Clean Trap – the perfect drainage solution for your new Englefield Shower.

## ENGLEFIELD REALLY CARE ABOUT QUALITY AND DURABILITY!

We have a reputation to protect – we have earned people's trust that we will always provide quality products and we want to keep it that way.

### ROBUSTNESS

Doors are tested for stability and strength.

### DURABILITY

Doors are subjected to a lifetime of openings and closings, ensuring lasting performance.

So when it comes to testing our new shower designs, we really put them through their paces. Every design undergoes a rigorous set of tests.

### CORROSION RESISTANCE

Chrome fittings are subjected to salt spray testing to ensure the metallic plating will stand the test of time.

### WATER TIGHTNESS

Multi-angle sprays are used to test the performance of all seals. We ensure water stays in the shower where it belongs (under normal showering conditions).

### WE MAKE THINGS EASY FOR YOU

Even in the simplest of showers, there's a whole host of complex technology on the inside. But on the outside, Englefield designs every shower to be easy to choose, easy to use and easy to install. So while we concentrate on the techy bit – you just relax and know that you can enjoy the perfect shower, every time.

## 10 YEAR WARRANTY

Englefield Showers are fully guaranteed for 10 years against failure, on condition that installation and maintenance have been carried out in accordance with the instructions provided.

All of our products are backed by a comprehensive network throughout New Zealand to provide technical advice and full after-sales service.

## KEEP YOUR SHOWER LOOKING GREAT!

Interior glass is treated with CleanLess™ premium protection, so that it's always much easier to clean, and easier to keep clean.

To ensure longevity and performance of your treated glass, use the GLASS CARE PACK. Available direct from Englefield, or online. Contains a bottle of limescale remover, surface conditioner and a cleaning pad.

**SKU:** 98945A-NA

Contact Englefield Customer Services on **0800 100 382** if you have any concerns at all, or need further information.

# BATHS

A woman with brown hair tied in a ponytail is relaxing in a white bathtub. She is smiling and looking up towards a window on the left. A rolled-up white towel is behind her head. A large green plant is visible in the background on the right.

Beautifully designed, Englefield baths are made from sanitary grade acrylic or durable composite stone.

This means that Englefield baths have easy to clean surfaces that are scratch and mould resistant. Plus, they're structurally strong and ergonomically comfortable. Make Englefield your first, and only, choice.

# INFORMATION TO CONSIDER

Composite/stone baths, 10 years. Acrylic drop-in baths, 5 years. Acrylic freestanding baths, 10 years. Electronic pump, fittings and components, 1 year.

## TYPES & SHAPES

## FEATURES

### SHOWER OVER BATH

Space saving and practical solution for a choice of bathing or showering.

## FREESTANDING BATHS

Freestanding baths are a highly prized luxury in any bathroom renovation and Englefield's back to wall freestanding baths introduce unparalleled versatility as well as the ultimate in saving space.

### ORDER AN UPSTAND ON YOUR FREESTANDING BATH

One-sided upstands now available on Valencia freestanding baths. Two and three-sided upstands available on Sierra freestanding baths. These must be ordered with your bath purchase. Please ask for advice in store or call Customer Services on **0800 100 382** for assistance.

Please order upstand and bath together.

### MILANO™ FREESTANDING COMPOSITE BATH

This bath will truly take centre stage and create a beautiful focal point in your bathroom. It is made of composite stone with a light gloss finish and epitomises luxury and style, without compromise. Perfectly finished with a neat base edging and integrated waste.

- Size: 1700 x 800mm.
- Full capacity volume: 375 litres\*.
- Seamless, durable, solid surface mineral-based composite stone bath.
- Slim rim.
- A gloss finish for easy cleaning.
- Integrated waste included.

Freestanding Oval Bath with Waste

**1700 x 800**  
**24253A-0**

\*All litre volumes are approximate only and are provided as a comparative reference against other Englefield baths.

## STUDIO™ II FREESTANDING BATH

Studio II offers a deep bathing experience.

- Two sizes: 1500 x 750mm; 1700 x 800mm.
- Full capacity volume: 1500mm – 220 litres; 1700mm – 280 litres\*.
- Seamless one piece acrylic bath.
- Concealed adjustable feet included.
- Optional accessories: 40mm pop-up bath waste; flexible waste and trap system.

## DROP-IN BATHS

Englefield's range of drop-in baths offers rectangular designs plus corner baths and shower-over-bath models. With a collection that includes baths for one or two people, a variety of lengths and widths plus integrated mouldings for maximum back and arm support, this is far from the traditional 'one size fits all' approach to bathing.

### SAPPHIRE® RECTANGULAR BATH (2 Person)

The perfect way to help relieve the stress and strain of the day. Generous proportions make this bath ideal for two people to enjoy. The ultimate bathing experience.

- A true soaking bath.
- 1800 x 900mm. (Full capacity volume: 385 litres)\*
- Integrated moulded headrest at both ends.
- Integrated back and arm rests.
- 12.5mm upstand for water tightness.

## MILANO™ SPLIT BATH SCREEN

The ultimate in bath screens, this split screen has two equal sized panels – one fixed to the bath wall and one hinged that swings outward for easy access into the 'shower over bath'. It provides a greater containment of the shower water but still offers attractive, space saving convenience in a shower over bath installation.

- Metallic fixing frame.
- Size: 1000 x 1500mm (W x H).
- 8mm toughened safety glass. CleanLess® glass protection.
- Reversible for left or right hand installation.
- Attractive, quality chrome 'Patch' hinges.
- Flexible drip edge seal for water tightness.
- Bracing arm included.
- Acrylic wall finishing strip.

## PREMIUM & STANDARD BATH SCREENS

Combine a shower and bath for the best of both worlds and a minimum use of bathroom space. A bath screen is a stylish alternative to a shower curtain.

- Premium Bath Screen features stylish chrome hinges and is available in 2 size options: 1000 x 1420mm or 900 x 1420mm (W x H).
- Standard Bath Screen has full length hinge, is easy to install and available in 800 x 1420mm (W x H).
- 6mm toughened safety glass with flexible drip edge seal for water-tightness.
- Use with Englefield bath walls.

# SPA BATHS

A close-up photograph of a man with a dark beard and mustache, lying back in a bathtub. His eyes are closed, and he has a relaxed expression. His chest and shoulders are covered in thick, white, bubbly foam. The background is a wall made of square glass blocks, creating a grid-like pattern. The lighting is soft and even, highlighting the texture of the foam and the man's features.

Englefield has a long standing reputation for producing high quality spa baths.

All our spas are made from sanitary grade acrylic so you know that they will be hard-wearing, and will maintain their appearance.

An Englefield spa bath is not only an investment in your home, but in your well-being.

Acrylic shell, 5 years.  
Electronic pumps, fittings  
& components, 1 year.

## FEATURES

### BODYGUARD® SAFETY VALVE

Designed to prevent bather injury.

Bodyguard® protects you and your family by detecting blockages in the suction valve and automatically reduces suction allowing the blockage to be cleared.

SAFETY VALVE

### AIRMASSAGE TECHNOLOGY

The ultimate bathing experience for the new generation.

Immerse yourself in comfort while being massaged by thousands of soothing air bubbles that invigorate tired muscles.

Tiny air bubbles deliver an invigorating massaging effect to your skin. This helps the body's own repair mechanisms – helping in the relief of minor strains and muscle pain.

AIR MASSAGE

### WATER JET TECHNOLOGY

A series of jets are designed and strategically positioned around the spa bath to maximise the massaging effect to soothe muscle tensions and help you unwind.

The water pressure can be adjusted in each jet to create the intensity that your body needs. The greater the number of jets the greater the massaging action.

JETS

When targeted on tense and sore muscles they deliver a deep tissue massage to provide effective relief.

## HYDROTHERAPY MASSAGE SPA BATHS

Invest in your wellbeing and create a soothing massage effect in the warmth and comfort of your home.

Englefield's range of Hydrotherapy spa baths bring together modern design with the long-established benefits of water. The combined effects of heat, gravity relief and massage, provide a soothing relief for the rigours of today's modern living.

The Hydrotherapy spa baths feature innovative developments in lumbar and massage jet technology for the ultimate in stress relief. It is simple to adjust the pressure of the jets so you can easily transform a gentle relaxing moment into a deeply penetrating massage.

## JET SPA BATHS

Come home to enjoy a total relaxation experience while being massaged by powerful jets of water to soothe tired muscles.

Discover the power of Englefield's jet technology to give your body a targeted massage experience to help ease the tensions of the day. A series of jets are designed and strategically positioned around the spa bath to maximise the massaging effect to soothe muscle tensions and help you unwind.

Each jet is individually adjustable to create the intensity that suits your body needs. The body jets are designed to target those tired calf and thigh muscles while the back jets provide relief for the hips and lower back.

### EVORA® HYDROTHERAPY MASSAGE RECTANGULAR SPA BATH (2 Person)

- 1850mm x 1100mm (full capacity volume: 450 litre)\*.
- 18 jets (12 individually adjustable recessed lumbar back jets, 4 adjustable body and 2 rotary jets).

## FEATURES UP CLOSE

Protect yourself, your home and your family with Englefield's spa-safe technology.

### A. DIVERTER VALVES

These are used to adjust water flow to the back jet region of the bath, allowing you to customise your spa experience. Available for the Evora Hydrotherapy Massage Spas only.

### B. BACK JETS

The back jet system helps loosen tension throughout the back and shoulders. Water flow rate, or intensity, can be varied.

### C. EVORA ROTARY PULSE JETS

Twin Helix Rotary Massage Jets produce a uniform air/water mixture with a unique circular bubble pattern and continuous, swirling rotary action. When targeted on tense and sore muscles they deliver a soothing deep tissue massage. Available for the Evora Hydrotherapy Massage Spas only.

### D. AIRFLOW CONTROL

Used to vary the intensity of the air massage, simply by turning the control.

### E. ELECTRONIC CONTROL

Electronic control panels provide fingertip control. The Electronic control allows the heater to be turned off while the pump is still running conserving energy and enabling you to maintain a comfortable water temperature at all times.

### F. ADJUSTABLE BODY JETS

Adjustable jets allow you to angle the waterflow for maximum therapeutic benefits. Direction and flow intensity can be varied on each individual jet.

### HIGH TEMPERATURE PROTECTION

All spas are thermostatically controlled to ensure a comfortable and safe bathing experience.

### BODYGUARD® VALVE

The Bodyguard® valve features technology that detects blockages – eg. caused by someone's hair being caught in the suction valve.

## AIRMASSAGE™ TECHNOLOGY

Experience a unique bathing sensation as you immerse in style and comfort while being massaged by thousands of soothing air bubbles that invigorate the whole body.

AirMassage™ baths operate on newer technology than water jet spa baths. They use a warm air blower that generates tiny air bubbles through small air jets in the lower sides of the bath. These bubbles caress the body as they move toward the surface of the water and revitalise with a full-body massage. The air jets are very small – less obtrusive, and detracting little from the attractiveness of the bath.

Air baths offer a combination of therapeutic benefits to give maximum relaxation. Water provides the feeling of weightlessness, warmth relaxes the entire body and air movement works on blood circulation. It offers a degree of relief from the pain of some physical conditions.

AirMassage™ provides an extremely affordable spa-like bathing experience and it uses 70% less power than a conventional water jet spa of equivalent size, so less expensive to run. A winning combination.

### AIRMASSAGE™ MINI AIR JETS

AirMassage™ baths are fitted with a set of 30-34 mini air jets that produce a series of tiny air bubbles that deliver an invigorating massaging effect to your skin.

The mini air jets are colour-matched to your bath and measure just 12mm in diameter for a clean, almost invisible look. Your AirMassage™ experience will begin with just one easy touch of the switch.

### BENEFITS

The vibrating massaging bubbles manipulate soft tissues of the body that stimulate the circulation of blood flow. This activity helps the body's own repair mechanisms, thus promoting relief to minor strains and pains of the muscle.

Your skin will also benefit from the invigorating effect from the movement of water of the AirMassage™ Bath. Englefield's AirMassage™ bathing range brings you an all-over luxury at a price that easily fits into your renovating or building budget, and a style that can integrate into any bathroom design without a hassle.

## STUDIO™ II RECTANGULAR AIRMASSAGE™ BATH

- 1670 x 760mm drop-in (full capacity volume: 400 litres)\*. 32 mini air jets positioned on lumbar region and in ring around base perimeter.

# TOILETS

With an Englefield toilet suite you can be sure of having design excellence, comfort, durability, style & affordability.

There's an Englefield toilet for every installation situation.

# INFORMATION TO CONSIDER

Cisterns & pans, 10 years.  
Seats, seals & washers,  
bumpers & hinges,  
flush & fill valves, 2 years.  
Electronic bidet seat,  
3 years (parts only).

## STYLES

### WALL HUNG

The toilet pan is wall mounted and the cistern is concealed within the wall cavity, requiring less space than conventional toilets.

WALL HUNG

### WALL FACED

The toilet pan is floor mounted and the cistern is concealed within the wall cavity, requiring less space than conventional toilets.

WALL FACED

### BACK TO WALL

The rear of the toilet is flush to the wall with waste and inlet pipes concealed.

BACK TO WALL

### CLOSE COUPLED

The lines of the cistern merge neatly with the pan ensuring good looks and effortless cleaning.

Check the models as can be S or P Trap compatible.

CLOSE COUPLED

## WATER ENTRY

### REAR ENTRY

A more recent trend where the inlet pipes are concealed behind the cistern. An uncluttered and more popular piping option.

REAR ENTRY

### SIDE ENTRY

Plumbing for the inlet is separate and does not determine cistern location. Suitable for a variety of water inlet positions.

SIDE ENTRY

## FEATURES

### QUIET-CLOSE™

The Quiet-Close™ seat is engineered to close slowly at the slightest touch, reducing noise and increasing hygiene.

QUIET-CLOSE

### QUICK-RELEASE™

Enables swift and easy removal of the seat without tools for easy cleaning.

QUICK-RELEASE

### RAISED HEIGHT

Increased pan height for improved sitting comfort. Feature is available for Tivoli and SierraBack to Wall toilets.

RAISED HEIGHT

### BOX RIM

The flush is distributed around the bowl more efficiently, as water travels through holes under the rim, providing a more controlled flush, a better clean, and efficient water use.

### RIMLESS

With hygiene and cleanliness major toilet concerns, rimless toilets increase hygiene, making for easy day-to-day cleaning of the bowl.

## IMPORTANT TO KNOW

### WATER EFFICIENCY LABELLING SCHEME (WELS)

The WELS is designed to inform consumers with water consumption and water efficiency information to help them make a smarter decision when purchasing water-using products.

Rest assured that all Englefield's toilet suites are fully tested and comply with the AS/NZS 6400 standards.

Look out for the WELS sticker on your next toilet suite purchase.

## PICK THE TOILET, IN-WALL CISTERN & FLUSH PLATE YOU WANT

(All Sold Separately)

### STEP 1: CHOOSE YOUR WALL HUNG OR WALL FACED TOILET (PREVIOUS PAGE)

### STEP 2: CHOOSE YOUR IN-WALL CISTERN

**MECHANICAL IN-WALL CISTERN:** Standard height which fits in a 90mm cavity. The flush plate has to be connected to the in wall cistern so must be positioned in a specific place on the wall above the toilet.

**PNEUMATIC IN-WALL CISTERN:** Available in standard, which fits in a 90mm cavity and low level, which fits in a 150mm cavity. Low level are for use in special installations. Flush plates don't have to be connected to the in-wall cistern and can be installed within a 3m radius of the toilet.

#### WALL HUNG

#### Mechanical Wall Hung

## ELECTRONIC BIDET SEATS

They attach easily to most existing toilets, but before you purchase, please discuss and ask for a template at your local merchant (or download from the Englefield website) to check compatability.

- Electronic bidet seat with Quiet-Close™, Quick-Release™ heated seat.
- Retrofit to existing toilets (please refer to reseller for compatibility check).
- Proximity sensor for touchless lid operation (remote control model only).
- High grade stainless steel wand for rear/bidet wash – self cleaning.
- 6-level position adjustment.
- Posterior and feminine cleansing – oscillating and normal spray.
- Heated water reservoir – ensuring immediate warm spray and temperature adjustment available.
- Heated air dryer. Deodouriser function.
- 2-level power saving modes.
- Sitting sensor enables cleansing functions only when seated (stops children playing with it, accidental activation).
- No interference with standard toilet functionality.
- Includes T connector, water inlet hose, seat fixing kit, water filter and electronic bidet seat.
- Complies with WMTS-051 Toilet Douche Seats and electrical safety standards AS/NZS 60335.2.84.
- Maximum user weight of 120kg.
- IP Rating: IPX4.

**IMPORTANT NOTE:** The Englefield Electronic Bidet Seat must be installed in accordance with AS/NZS 3500.1, which will require the installation of a high hazard flow prevention device (not supplied). Please consult with your registered Plumber or Hydraulic Consultant.

BUILT IN CONTROL PANEL WITH EASY TO USE BUTTONS: Controls functions including wash, dry and deodoriser.

## FEATURES UP CLOSE

### EASY INSTALL - EASY CLEAN

Simple to install to a wide range of toilets and the Quick-Release allows for easy cleaning. Ask your retailer if this product is compatible with your brand of toilet. If you don't have this information – ask for a template to take home. It will confirm compatibility before you buy.

### SEAT

The Quiet-Close™ seat is anti-bacterial, heated for the ultimate in comfort and has a heated air dryer function.

### SITTING SENSOR

This sensor at the back of the seat ensures peace-of-mind as bidet functions are only activated when the user is sitting. It helps prevent kids from playing with the seat, or being accidentally activated.

### WAND

High grade, stainless steel wand for posterior & feminine cleansing with warm water. The wand also has an auto self-cleaning stainless steel nozzle for personal hygiene with six adjustable nozzle positions.

SEPARATE REMOTE CONTROL WITH EASY TO USE BUTTONS: Controls functions including wash, dry and deodoriser.

## ENGLEFIELD ELECTRONIC BIDET SEAT with Integrated Control Panel

You'll always know where the control panel is so there's no possibility of misplacing this. As it is connected to the seat, it doesn't require batteries.

# FURNITURE

Bathroom furniture plays an important storage role as well as making a visual statement. All Englefield vanities are available in classic white and most are also available in two attractive 'timber look' finishes.

Bathroom vanities look best when they match the rest of your bathroom in size, colour and style. The Englefield range ensures you have the choice to create a functional yet beautiful, integrated look.

Cabinets, 3 years.  
Vanity tops, 5 years.

## STYLES

### FLOOR STANDING

Provides you maximum storage space.

FLOOR STANDING

### WALL HUNG

99326A-CP

## IMPORTANT TO KNOW

The Englefield vanity range offers these key features:

- The Valencia vanity range includes 600mm, 750mm and 900mm options which are ideal for smaller bathrooms, while still providing ample storage space. The neat compact designs offer deep drawers to help maintain an uncluttered bathroom. Our 1200mm is for larger bathroom space for increased storage.
- The Valencia mini and slim vanity range offers essential storage without compromising on style. Perfect for small ensuite, guest bathrooms and powder rooms.
- The Valencia vanity collection has wall hung and floor standing options available with soft-close drawers.
- 100mm high toe kick panel in the floor standing range reduces wear and tear in high traffic areas.

## FEATURES UP CLOSE

Pick your vanity size, finish and style – and for 750, 900 and 1200mm standard sizes, choose either a Durastone® or ceramic top.

### CERAMIC TOPS FOR VALENCIA® VANITIES

These slim line ceramic tops are made using high grade natural materials. They have been glazed to make them tougher, and therefore, more durable. Ceramic tops have a traditional 'feel' and appearance, with an integrated overflow, with cover.

- Available for all standard width 750/900/1200mm Valencia wall hung and floor standing cabinets, single and double drawer. Not available for double bowl or slim vanities.
- Premium grade.
- Easy drain and easy clean single bowl.
- One pre-drilled tap hole, so no drilling required. Tapware not included.
- Tile bead upstand.
- Integrated overflow.

### DURASTONE® TOPS FOR VALENCIA® VANITIES

These are made from a high-quality stone resin. Using a blend of finely ground, pure white limestone compounds and mixed with superior performance resin, they are durable and good-looking. They combine the quality of stone with today's technology, for longer lasting performance.

- Available for all sizes: 1200, 900, 750 and 600mm vanities.
- Available for all Valencia wall hung and floor standing cabinets. Single and double drawer.
- Integrated single bowl. 1200mm also has a double bowl option.
- Easy clean and durable.
- One pre-drilled tap hole, so no drilling required (1200mm double bowl has two). Tapware not included.
- Integrated overflow.
- Overflow cover.

### VALENCIA® VANITY CABINETS

- Vanity Sizes: double drawer – 1200, 900, 750 and 600mm; single drawer – 1200, 900 and 750mm; slim vanities – 900, 750 and 600mm.
- 1200mm floor standing and wall hung double drawer vanity cabinets with double bowls have two sets of double drawers (four in total), single bowl has longer double drawers.
- 1200mm wall hung single drawer vanity cabinets with double bowls have two sets of single drawers (side by side), single bowl has one drawer and a cupboard. Drawers have partitions to keep products organised, maximising drawer space.
- Double soft-close drawer in Floor Standing and Wall Hung options.
- Single soft-close drawer in Wall Hung only.
- Moisture resistant exterior, with either high gloss polyurethane paint or timber-look laminate.
- Rigid frame and fully enclosed for ease of installation.
- 100mm high toe-kick panel in the Floor Standing range reduces wear and tear in high traffic areas.

CERAMIC TOP SIZES: 750, 900 and 1200mm (750mm shown, in Coastal Oak finish).

DURASTONE® TOP SIZES: 600, 750, 900 and 1200mm (750mm shown, in Urban Oak finish).

### FINISHES – CABINETS AND TOWERS

- All vanities are available in Classic White, Coastal Oak and Urban Oak timber-look finishes, except slim vanities, which are only available in white.\*

# TAPWARE

A young child with curly hair is shown in profile, drinking water from a modern, sleek black faucet. The child is wearing a light blue shirt. The background is a bright, clean bathroom with a white sink and a mirror. The faucet is a single-lever design with a long, curved spout. The water is flowing from the spout into the child's mouth.

Our tapwares are crafted with exceptional attention to detail, using premium materials and innovative designs to ensure durability, performance, and style.

From modern, sleek designs to traditional and timeless styles, our selection caters to different tastes and aesthetics, allowing you to create the perfect finish touches for your space.

Our tapwares are designed with ease of use, water efficiency and longevity in mind, providing you with reliable and functional solutions for your daily needs.

# INFORMATION TO CONSIDER

**Tapware:**  
Polished Chrome finish  
Brushed Nickel finish,  
15 years; Black Powder  
coated finish, 2 years.  
Shower heads, 5 years.  
Shower hoses, 2 years.

## IMPORTANT TO KNOW

### WATER EFFICIENCY LABELLING SCHEME (WELS)

The WELS label is designed to inform consumers with water consumption and water efficiency information to help them make a smarter decision when purchasing water-using products.

Rest assured that all Englefield's tapware components are fully tested and comply with the AS/NZS 6400 standards.

Look out for the WELS sticker on your next tapware purchase.

### WATERMARK

WaterMark™ is a product quality certification mark provided by independent certifying authorities.

It confirms the product complies with the Plumbing Code and the relevant plumbing standards, which relate to product quality, including health and safety, and warrant that it is fit for purpose.

## MILANO™ DUAL RAIN SHOWER Square

With a modern rounded square design, this shower column is ideal for any contemporary bathroom.

- 250mm overhead shower and multifunction hand shower, both with rub clean nozzles to prevent limescale build-up.
- Slide bar with integrated diverter and push button clamp bracket.

# MASTERFLOW® ALL PRESSURE TAPWARE

Whatever your water pressure, we can handle that.

Many New Zealand homes suffer from low or unequal pressure and choosing the right tapware can be tricky. The new Studio™ MASTERFLOW® and Studio Pin™ MASTERFLOW® all pressure range is your simple solution.

Our new MASTERFLOW® technology controls the mix of hold and cold water, giving you an enhanced flow and greater temperature control, as well as a smooth transition between hot and cold, even when cold and hot inlet pressures are unequal. Plus – with easy installation, competitive pricing, and Englefield's 15-year guarantee – you can't go wrong.

Just turn on the tap and you will be enjoying outstanding flow and temperature control.

- Compatible with all pressures.
- Improved water flow.
- Ideal temperature control.
- Range of fittings available.
- Intuitive controls make it easy to use.
- Economical and stylish designs.

# INDEPENDENT LIVING

Englefield now offers the solution to your accessibility needs.

With a wide range of independent living products, Englefield can elevate your experience of independent living while maintaining the beautiful look you desire for your bathroom. From the toilet, to the basin, to the grab rails leading you throughout your bathroom visit, Englefield has you covered.

# INFORMATION TO CONSIDER

**Toilets:**  
Ceramic cistern and pan,  
10 years; flush & fill valves,  
toilet seat, seals and  
washers, 2 years.

**Basins:**  
Ceramic basin, 10 years  
(First 5 years parts, labour  
and freight. Years 5 to 10  
parts only).

**Bathroom Accessories:**  
Stainless Steel, 10 years  
(parts only).

## IMPORTANT TO KNOW

Designing a bathroom for independent living not only enhances comfort and convenience but also ensures a safer, more empowering environment for individuals striving to live independently.

By applying Universal Design principles, Englefield created an extensive range of fixtures that addresses these needs. Not only are they stylish and safe, but they also comply with New Zealand Building Code and NZS 4121 Design for Access and Mobility: Buildings and Associated Facilities.

### TOILET HEIGHT

A raised height toilet is designed to reduce strain on knees.

The optimum toilet seat height should be at 460-480mm as this makes the transition between wheelchairs and the seat easier. The Englefield Sierra Back-to-Wall toilet, fully complied with the codes and standards, is designed specifically for those with mobility issues. Hyten Elevated Seat could also be considered for a more economical way to upgrade an existing bathroom.

### GRAB RAILS

These provide safety and security while using the bathroom.

There are many shapes and sizes to choose from to match with all areas. Englefield Grab Rails are capable of supporting 110 kg weight.

### BASINS

When being installed, the proper height must be considered.

The minimum height should be 675mm from the floor which provides a space accessible for those with wheelchairs to the underside of the basin. A shroud can be used to protect against burns from plumbing fixtures underneath.

Remember, creating a universal design bathroom isn't just about accessibility; it's about fostering an environment that is safe, comfortable and usable by everyone.

### KOHLER EXTRAS

Still need more? Englefield Sierra® independent living products pair perfectly with selected care products from KOHLER for a match made in heaven that kindly serves you.

See product listings on page 121 for more details.

Please note tapware and accessories illustrated in photography are not included.

## SIERRA CARE® TOILET ACCESSORIES FOR OPTIMAL COMFORT

Englefield offers three unique accessories to customise your **Sierra® Raised Height Back to Wall Toilet** to adhere to your personal requirements for a comfortable independent living experience: **Sierra Care® Backrest**, **Sierra Care® Raised Flush Button** and **Sierra Care® Seat Ring**. The Raised Flush Buttons are included with 32352A-0 & 31256A-0. The Backrest & Seat Ring are only sold separately.

### MORE ACCESSORY OPTIONS FROM KOHLER®

KOHLER provides two further accessory options to further build a bathroom fit for your independent living needs.

The **FamilyCare® Armrests** offer a soft resting place for your arms while seated and the **Hyten™ Elevated Quiet Close seat** can add additional height to the toilet pan for an easier time when lowering yourself onto the toilet.

Please note that the **Hyten™ Elevated Seat** is not compatible with the **Sierra® Toilet Suite**. For more information on these products visit [kohler.co.nz](http://kohler.co.nz)

### SIERRA CARE® TOILET BACKREST

- Cushion made from durable, water-resistant PVC leather.
- High grade stainless steel framing.
- Overall product can withstand 110 kg weight complying with AS1428.1 standard.
- High contrast blue for enhanced visibility.

Toilet Backrest

## ACCESSORY OPTIONS FROM KOHLER®

KOHLER introduces the **Care Handle Kit** to improve the ease of operating your bathroom tap.

The extended handle removes any potential complications caused by a smaller finicky design. Paired perfectly with many of the elegant tapwares of KOHLER and Englefield, the Care Handle Kit adds an additional element to your independent living experience without compromising on the overall aesthetic of your bathroom.

For more information on these products visit [kohler.co.nz](http://kohler.co.nz)

### KOHLER® CARE HANDLE KIT

- Made with zinc alloy metal with polished chrome finish.
- Easy to install.
- KOHLER Tapware Warranty: up to 15 years warranty (first 10 years parts, labour and freight, year 10 to 15 parts only).

# KITCHEN SINKS & TAPWARE

Bringing the traditional Englefield values of superb quality, great design and affordable prices right into the kitchen.

These tapware and stainless steel sinks offer lasting good looks and enduring functionality.

# INFORMATION TO CONSIDER

Tapware, 15 years (Matte Black tapware, 2 years).  
Stainless Steel Sink, 5 years. Waste & overflow, 2 years.

## INSTALLATION TYPES

### UNDER COUNTER

Under counter installation allows you to build your benchtop right up to the edge of the sink for a seamless look.

### OVER COUNTER

Easier to install and a more affordable option. Usual design intention when you require a draining board.

## FEATURES

All models are made from high quality Grade 304 brushed stainless steel, and are sound dampened to eliminate noisy 'clatter' when things are accidentally dropped.

## EXTRAS

All sinks supplied with wastes and fixing kits.

## CABRIOLE® KITCHEN SINK 1 ¼ Bowls

Crisp, geometric design with 90° square corner bowls, all produced from high quality, brushed stainless steel. Bowls are of 1mm thickness.

- Under counter installation.
- Overflow on full size bowl.
- Includes two wastes.
- 21L capacity for full size bowl (158mm to underside of overflow).
- Overall size: 430 (w) x 580mm (l); Bowl sizes: 400 (w) x 340 (l) x 200mm (d); 1/4 bowl - 400 (w) x 180 (l) x 140mm (d).

## CABRIOLE® KITCHEN SINK Single Bowl

Crisp, geometric design with 90° square corner bowls, all produced from high quality, brushed stainless steel. Bowl has 1mm thickness.

- Under counter installation.
- Overflow.
- Includes two wastes.
- One square bowl.
- 21L capacity bowl (158mm depth to overflow).
- Overall size: 430 (w) x 370mm (l); Bowl size: 400 (w) x 340 (l) x 200mm (d)

Single Bowl

72065A-S-NA

## CLIP® KITCHEN SINK Double Bowl

The traditional Clip has gently rounded bowls, and a fanned channel draining board all produced from high quality, brushed stainless steel.

- Two bowls.
- 17.5L capacity bowls.
- Overall size: 500 (w) x 1160mm (l); Bowl sizes: 410 (w) x 350 (l) x 180mm (d) each bowl.
- Left or right hand draining board installation.
- Over counter installation.
- Overflow.
- Includes two wastes and a fixing kit.
- No tap hole (drilling required).

Double Bowl

72009A-S-NA

**CLIP®**

**KITCHEN SINK 1 ¼ Bowls**

The traditional Clip has gently rounded bowls, and a fanned channel draining board all produced from high quality, brushed 0.8mm thick stainless steel.

- Left or right hand draining board installation.
- Over counter installation.
- Overflow.
- Overall size: 490 (w) x 1000mm (l); Bowl sizes: 410 (w) x 350 (l) x 188mm (d) and 300 (w) x 160 (l) x 118mm (d).

For Sorrento bathroom tapware see page 115.

# ENGLEFIELD & KOHLER: A HISTORY

## THE YEAR WAS 1873

An unlikely time to start a new business in America. A financial panic had begun in September of that year, followed by a depression that affected the national economy for the next five years. Despite the economic uncertainties of the day, John Michael Kohler purchased the Sheboygan Union Iron and Steel Foundry, never anticipating the growth of the company that would eventually bear his name.

The firm produced cast iron and steel implements for farmers in the area, castings for the city's furniture factories, and ornamental iron pieces that included hitching posts, cemetery crosses, urns and settees.

In 1883 John Michael took a product in his line called a horse trough/hog scalding, heated it up to 930°C and sprinkled on some enamel powder. He liked it so much that he pictured it in his catalogue, describing it as "a horse trough/hog scalding, when furnished with four legs will serve as a bathtub." Kohler was in the plumbing business.

Like Kohler, many of the early employees were immigrants. Steeped in a heritage of European craftsmanship, they were eager to achieve success in their new country. Their dedication to excellence helped to forge one of the oldest and largest privately-held companies in the United States; a company that has grown to international stature with 30,000 associates worldwide. From potteries in Mexico and China, to showrooms in Japan and France, KOHLER ideas, craftsmanship and technology are at work today leading the way to more gracious living in plumbing products, exquisite furniture, engines and generators, hospitality and real estate.

KOHLER purchased Englefield in 2001. Englefield were already market leaders in showering and bathing products in New Zealand. KOHLER added vitreous china products – toilet suites and basins – to the existing Englefield range. A range of kitchen sinks and tapware were also added, completing the Englefield Bathroom and Kitchen Collection.
